## FOUR STATES HOLD PRIMARIES TUESDAY

### PARIS LETTER ONLY ADDS TO ILL FEELING

Plea for More Lenient Debt  
Terms Will Have No Of-  
ficial Result

### MERELY FRENCH POLITICS Clemenceau Fails to Hold Same Viewpoint Regarding German Agreement

BY DAVID LAWRENCE  
Copyright, 1926, Post Pub. Co.

Washington—Although it is a fore-  
gone conclusion that the appeal of  
Georges Clemenceau for more lenient  
debt terms, if not cancellation, can  
have no official result, the fact that  
it was made has merely added to the  
uneasiness and embarrassment which  
surround the entire foreign policy of  
the administration.

What M. Clemenceau says about  
considering the war debt as a matter  
of comradeship and sentiment rather  
than anything commercial has a fam-  
iliar ring and has been said over and  
over again by French statesmen, pub-  
licists, commissioners and ambassa-  
dors for several years. It was first  
expressed at the Paris peace confer-  
ence almost the very day President  
Wilson arrived. He turned a deaf ear  
to the plea then and every American  
official, Democratic and Republican,  
has since the same since. There has  
been a significant unanimity of opin-  
ion so far as the official documents  
are concerned. Similarly, on the  
French side there has been a universal  
sentiment on cancellation which has  
never died down, not even when the  
French mission headed by Senator  
Berenger signed the final debt settle-  
ment terms.

And when the French parliament  
ratifies the Mellon-Berenger settle-  
ment, which it is compelled to do in  
order to consolidate its external credit  
position and be in a position to make  
loans, the cry for cancellation is fully  
expected to be continued as vehemently  
as ever.

**FRENCH POLITICS**  
The interesting circumstance that  
M. Clemenceau broke his silence and  
dramatically issued his appeal to Pres-  
ident Coolidge is merely construed  
here as a bit of French politics. While  
Clemenceau belongs to that school of  
French politics which has defended  
war policies ever since 1918. It was  
M. Clemenceau who insisted that the  
last pound of flesh be paid by Ger-  
many as reparations, and the same  
viewpoint kept M. Poincare, now pre-  
mier of France, from listening to the  
suggestion of "capacity to pay" as a  
basis for the settlement of the Ger-  
man debt, while at the same time the  
French people were being misled by  
the political orators into believing that  
Germany would and could pay in full.  
Now that the French people have  
been disillusioned, the same group of  
political leaders are endeavoring to  
shift the burden to the creditors  
America and Great Britain. While M.  
Clemenceau tactfully includes Great  
Britain in his appeal, it is worth not-  
ing that he sent his letter to President  
Coolidge and that he direct attention  
to the French debt to Britain only in-  
cidentally.

**LETTER FAILS TO HELP**  
So far as future years are con-  
cerned, it caused considerable com-  
ment here Tuesday that M. Cle-  
menceau, who was so ready to saddle Ger-  
many with an indefinite mortgage for  
life, now argues that it is wrong to  
make any promises for France over a  
62 year period, thus ignoring all the  
facts about French resources and tax-  
able wealth. If France since the war  
had not become involved in a half  
dozen wars in Europe, northern Africa  
and Asia Minor since 1918 and had not  
spent vast sums in subsidizing Poland  
and the Little Entente of Central Eu-  
rope, and if there had been a little  
more flexibility shown at an earlier  
date toward the German reparations  
problem, the demand for payment  
from France of her war debts to  
America would have been softened by  
possibly better terms than were grant-  
ed. As it was, the record of the Amer-  
ican State department will show that  
the war even men like President  
Wilson became impatient with what  
they believed to be a short-sighted  
and at times imperialistic policy on  
the part of France. It is with that  
recollection in mind that officials here  
regard the Clemenceau letter as not  
much help to the already complicated  
situation. He may make it difficult for  
the present French government to  
push ratification of the Berenger  
agreement. He surely has not added  
anything to good feeling in govern-  
mental circles here.

### SWEETHEART HAS DIFFERENT FAITH; GIRL KILLS SELF

Superior—(P)—Because she was  
of one religious denomination and  
her sweetheart another is the reason  
Betty Bjornson, age 19, swal-  
lowed poison Monday and died,  
William Cowan, her sweetheart,  
said Tuesday. Cowan is 21. He  
said he had been engaged to Betty  
but religious differences arose. The  
girl died half hour after taking the  
poison at Cowan's home where she  
had gone to see him.

### SEEK FORMER POLICE HEAD IN U. S. CAPITAL

Warrant Charging Traffic  
Violation Issued for Fred-  
erick A. Fenning

Washington, D. C.—(P)—Police of  
the capitol were seeking Tuesday to  
serve a warrant on their former Chief  
—Frederick A. Fenning whose resig-  
nation as a District of Columbia com-  
missioner was accepted recently by  
President Coolidge. The warrant  
charging a traffic violation, threatened  
to re-kindle the fires which raged dur-  
ing the closing days of the past ses-  
sion of congress when Fenning's im-  
peachment was sought in the house  
because of his activities as guardian  
for upwards of 100 incompetent ser-  
vice men.

Coinciding with the issuance of the  
warrant, Representative Hersey, Re-  
publican Maine, distributed through  
the mails a pamphlet defending the  
former commissioner and denouncing  
Representative Blanton, Texas, and  
Rankin, Mississippi, Democrats who  
were active in pressing the charges.  
Fenning, director of police and fire  
departments while commissioner, was  
charged in the warrant with a park-  
ing violation. The summons was is-  
sued when he failed to obey an order  
to appear for trial. He offered the expla-  
nation that some one had moved his  
car while he was absent, that he had  
explained the situation to the police  
and did not think it necessary to ap-  
pear personally.

### EXPECT TO FIND MINERS IN CAVE BY SUNDOWN

Salem, Ky.—(P)—Whether life re-  
mains in any of the five men trapped  
last Thursday by a cave-in of the  
Hudson mine is expected to be de-  
termined by sundown Tuesday.  
Two groups of workers are laboring  
to reach the entombed men. One  
group is using a pump to remove water  
and clear a path through the old  
shaft into the lateral tunnel. The  
other group is resorting to the method  
used at Sand Cave, Ky. by reaching  
Floyd Collins. A shaft is being sunk  
behind the tunnel behind the slide.  
This shaft has reached a depth of 60  
feet and it is estimated the workers  
must double that distance before  
breaking through the trap.  
Efforts to communicate with the  
trapped men by tapping on air lines  
had failed but compressed air is being  
forced thru the lines constantly in  
hope the victims are still alive.

### Jack Dempsey Is Refused License To Fight Tunney

New York—(P)—Jack Dempsey,  
Tuesday was temporarily refused a  
license to fight Gene Tunney for the  
world's heavyweight championship at  
the Yankee stadium, Sept. 16.  
Colonel John J. Phelan, chairman of  
the license committee said that Demp-  
sey's application had been deferred  
pending his compliance with the rules  
of the New York State Athletic com-  
mission relative to defense of cham-  
pionships within six months after  
winning or defending the title.  
The decision came after for nearly two  
hours had been the situation presented  
them by Dempsey, Gene Tunney, the  
challenger, also Harry Wills, the giant  
Negro, who has been clamoring for a  
match with Dempsey. Dempsey, Tun-  
ney and the Negro all individually ap-  
peared before the committee.  
The sudden action of the committee  
in refusing to grant a license to Demp-  
sey threw Tex Rickard's plan for pro-  
moting the fight up in the air. Rick-  
ard had hoped to stage it in the Yan-  
kee stadium on Sept. 16. He had ar-  
ranged to place seats on sale immedi-  
ately and also had decided to appear  
before the commission and ask for per-  
mission to charge \$50 as a top price.  
When the promoter's plan was de-  
clined to take the match to Philadelphia  
or some other city could not immedi-  
ately be learned. Rickard has been in-  
vited to stage it in Philadelphia in  
connection with the Sesqui-centennial  
exposition. Robert Gunilla, a Phila-  
delphia boxing promoter, assured  
Rickard Tuesday that the bout would  
be welcomed in Philadelphia if either  
Dempsey or Tunney were refused a  
license to fight in New York.

### ELECTION IN ALABAMA TO BE SPIRITED

Ohio, Arkansas and Nebras-  
ka Electors Will Also  
Choose Candidates

Chicago—(P)—Electors of four  
states—Alabama, Ohio, Arkansas and  
Nebraska—expressed their preference  
for candidates in Tuesday's primary  
elections.

Alabama Democrats chose between  
five candidates who seek the nomina-  
tion to the United States senate seat  
to be vacated by Oscar W. Under-  
wood, March 4, 1927. Four candi-  
dates seek the gubernatorial nomina-  
tion.

Two of the senatorial aspirants, L.  
B. Murphree, of Jasper and Hugo L.  
Black, of Birmingham, were endorsed  
by the Ku Klux Klan, the national  
organization backing Murphree  
while the Alabama Klan favored  
Black. Other candidates are J. H.  
Bankhead, of Jasper, Thomas E. Kil-  
by, of Anniston, and James J. May,  
field of Montgomery.

Each of the four gubernatorial  
candidates made road building an  
issue, each campaigning for a differ-  
ent plan, thus making the primary  
an indirect referendum on the ques-  
tion. Charles A. McComb, gov-  
ernor-elect of Arkansas, H. C. Car-  
roll, of Little Rock, and A. G. Fair-  
bank, of Springfield, are the candi-  
dates. Congress-  
men from 10 districts will be nomi-  
nated along with county officers.

**SPIRITED RACE**  
The most spirited campaign in 12  
years was waged and fully 225,000  
voters were expected to go to the  
polls.

A woman and a negro are among  
the 12 Republican gubernatorial can-  
didates in Ohio which include Thad  
Brown, present secretary of States  
and Meyers R. Cooper, Cincinnati  
real estate man.

United States Senator Frank B.  
Willis is opposed by seven Republi-  
cans, one being former Senator  
Charles Dick, of Akron. Willis  
nomination was regarded as certain  
by Republican leaders.

Political workers Tuesday said in-  
terest in the primary had been slug-  
gish and predicted a light vote.  
Chief interest in Arkansas Demo-  
cratic primary centered in the gub-  
ernatorial nomination. Governor Tom  
J. Terral is opposed by John E. Mar-  
tinez, Judge of Pulaski chancery  
court.

The Nebraska primary was regard-  
ed by political leaders as merely the  
opening of the fall election campaign  
between the McMullen and Bryan  
forces for control of the state ad-  
ministration.

### ADD ANOTHER VICTIM TO SUBMARINE'S TOLL

London—(P)—Another name was  
added Tuesday to the list of missing  
in the sinking of the submarine H-29  
at Davenport basin Monday, bringing  
the total to six.  
Although a full crew of dockyard  
workmen toiled all night under power-  
ful searchlights and flares at the  
scene of the disaster, none of the  
missing bodies has been recovered.  
Efforts to raise the H-29, which sank  
in 25 feet of water continued Tues-  
day.

The cause of the accident has not  
been definitely determined.

### Mysterious Illness Kills Young Woman From Pound

Marquette—(P)—Mrs. Mollie Stan-  
kevitz of Pound whose illness has been  
a mystery to the medical world for  
the past two years died at a hospital  
here Sunday evening shortly before  
the judgment of her divorce suit was  
arrived. The strange case was one of  
nation-wide interest and her long  
sleep lasted over a period of 22  
months, 29 of which she was in semi-  
comatose condition being unable to  
talk or move but entirely conscious of  
everything that took place near her,  
she explained this after the successful  
operation last January when several  
large stones were removed from her  
kidney.

Her death according to attendants  
was caused from pus infection of both  
kidneys with multiple kidney stones,  
which developed into uremia and the  
organs ceased to function. The woman  
was 32 years old and she first showed  
signs of ailment following the birth  
of her third child.

Her husband, Otto, had her com-  
mitted to the state hospital for the  
insane at Oakbrook, and soon after  
she was released only to be again  
committed to the hospital where she  
stayed but two weeks and was re-  
leased by her parents, under bond.

Following her return from the hos-  
pital the second time Mrs. Stankevitz  
went into a deep "sleep" from which  
it was impossible to awaken her. She  
was fed through a tube through the  
18 months of her first "sleep" during  
which time many doctors from all  
parts of the country examined her  
but could not find any cause for the  
strange illness.

Mrs. Stankevitz came out of her  
condition for about two or three  
months following her first "sleep"  
and then again fell into the semi-coma  
condition for a period of eleven  
months.

A few weeks ago Mrs. Stankevitz  
filed a divorce suit against her hus-  
band charging non-support, cruel and  
inhuman treatment. She died a few  
hours before the decision of the case  
had reached her attorney. The case  
was heard by Judge A. H. Reid of  
Wausau.

Funeral services for Mrs. Stanke-  
vitz will be held at Pound Baptist  
church Wednesday afternoon. Rev.  
Schlitz will conduct the services. Burial  
will be held in the Pound cem-  
tery.

### NO REPORT FROM MEXICAN LEGATE OF HELIUM STARS

Ambassador Not to Make  
Special Report on Situa-  
tion South of Border

Paul Smith, N. Y.—(P)—President  
Coolidge does not understand that  
Ambassador Sheffield, the American  
representative in Mexico, will have  
any direct reports to make upon his  
return to this country this summer  
beyond those he has already made or  
would make in the ordinary discharge  
of his duty.

As a matter of fact it was said at  
the executive office Tuesday, Mr.  
Coolidge had no direct or definite in-  
formation that Mr. Sheffield is com-  
ing to this country this summer but  
he has assumed the ambassador would  
return for a visit, as is the custom of  
many of the diplomatic representa-  
tives at this season of the year.  
Whether he will visit the sum-  
mer, White House. Mr. Coolidge has  
not heard.

For some published reports that  
President Coolidge had recently held  
a telephone conversation on Mexican  
questions with President Calles of that  
country, it was said, that of course  
Mr. Coolidge had no direct communi-  
cation with Mr. Calles.

### FEDERAL SOLDIERS REVOLT IN MEXICO

Mexico City—(P)—Captain Panfilo  
Pata and his company of federal sol-  
diers have revolted, disarmed all the  
police of Ayutla, in the state of Quer-  
etaro and gone into the country, ac-  
cording to special dispatches from  
No details of the revolt are con-  
tained in the dispatches. It is not  
known whether the revolt is connected  
with the religious situation or is  
arising reported to be under way in  
the state of Guerrero under leader-  
ship of the Vidales brothers, noted  
rebels and bandits in that region.  
Advices from Tuxtepec, in the state  
of Oaxaca say that bandits have looted  
a banana plantation and fled into the  
hills. It is added this raid was ap-  
parently connected with the religious  
situation. Federal troops are pur-  
suing the bandits.

### SEIZE BEER BILLED AS LUMBER AND LATH

Chicago—(P)—Three carloads of  
beer consigned from Kelly, Wis., to  
Chicago destinations and billed as  
lumber and lath, were seized Tues-  
day by federal prohibition officers.  
One car was billed to the Williams  
Construction Co. both ships and con-  
signee, and another to an R. S.  
Smith. Each car contained 32 full  
barrels of beer, and a number of half  
barrels.

### RAID IMITATION WHISKY PLANT IN FOND DU LAC

Milwaukee—(P)—Federal agents  
Tuesday raided what is described as  
a large plant for the making of imita-  
tion whiskey located in the business  
district of Fond du Lac. A large  
quantity of counterfeit stamps and  
labels of widely known brands of li-  
quor were found. No one was found  
on the premises.

### PARTY WAITS DECISION OF MA FERGUSON

Governor May Withdraw as  
Candidate Making Moody  
Democratic Nominee

Dallas, Texas—(P)—Certification of  
Governor Miriam A. Ferguson as a  
candidate to oppose Attorney Gen-  
eral Dan Moody in the run off primary  
August 28, for the Democratic gov-  
ernatorial nomination has created an  
atmosphere of uncertainty in party  
affairs pending a definite announce-  
ment by the Governor as to her  
plans, members of the Democratic  
state executive committee declare.

Mrs. Ferguson's name was order-  
ed certified with Moody's by the com-  
mittee Monday when she failed to  
submit a formal withdrawal, as she  
previously announced she planned to  
do. As second ranking candidate in  
the field of five in the first primary,  
she was entitled to a place on the  
run off ballot unless she filed a for-  
mal withdrawal.

**CERTIFY "MA"**  
Without taking formal acknowl-  
edgement of the Governor's previous  
statement that she would withdraw  
from the primary, thus making  
Moody the party nominee, executive  
committee members stated certifica-  
tion did not necessarily mean that  
she must continue as candidate. Gov-  
ernor Ferguson and her husband,  
James E. Ferguson Monday night de-  
clined to comment.

The committee certified Mrs. Fer-  
guson and Moody's names after refus-  
ing to pass on a petition submitted  
by counsel for the governor alleging  
Moody had received campaign con-  
tributions from other candidates. Re-  
ceipt of such contributions is forbid-  
den by law, which specifies a candi-  
date accepting funds from such a  
source may have his name barred  
from the ballot. The certification  
was ordered when the committee  
found that Moody lacked more than  
1700 votes of having a majority in  
the five cornered July primary race.

### 96 DELEGATES ATTEND STATE TOBACCO MEET

Madison—(P)—Ninety-six delegates  
from the 16 districts of the northern  
Wisconsin cooperative tobacco pool  
attended the annual state meeting of  
the pool here Tuesday. The meeting  
was open only to accredited delegates.  
Verification of the credentials of the  
delegates was expected to take up the  
entire morning. Election of officers  
and directors was expected to be held  
late Tuesday afternoon.

District elections resulted in the  
nomination of 16 directors Saturday  
all of whom will be acted upon by  
the meeting Tuesday.

### PREDICT RELIEF FROM HEAT FOR SOUTHWEST

Kansas City—(P)—West or north-  
west breezes were forecast Tuesday  
to supplant hot south winds which  
Monday swept southwest states un-  
der a glaring sun, breaking heat re-  
cords of several years standing and  
causing damage to corn and other for-  
age crops.

Four Kansas cities and one Okla-  
homa point reported 110 or higher.  
Salina, Kansas leading with 112, a 25  
year record. The century mark was  
also passed in many sections of Mis-  
souri and Kansas, the 103 degrees re-  
corded in Kansas City being the high-  
est since 1918.

Farmers generally reported forage  
crops drying up with a need of rain  
if normal yield is to be obtained. The  
virtually unbroken heat wave for the  
last five days has also damaged the  
fruit crop, orchardists say.

### U. S. STEEL MAKES FIRST GAIN OF YEAR

New York—(P)—Unfilled orders of  
United States Steel corporation on  
July 31, made public Tuesday totaled  
3,602,522 tons an increase of 123,850  
tons compared with the end of the  
preceding month. The gain was the  
first recorded by the corporation this  
year.

### NATIONAL BANKS ADD BILLION WITHIN YEAR

Washington, D. C.—(P)—Total re-  
sources of the 7,378 national banks  
in the United States, Alaska, and  
Hawaii on June 30, the close of the  
fiscal year aggregated \$25,815,624,000  
an increase of almost 11,000,000,000  
over a year ago it was reported Tues-  
day by the comptroller of the cur-  
rency.

### SEEKS DIVORCE

Richard Washburn Child (below), former United States ambassador to Italy, has sued Mrs. Child (above) for divorce. They were married in 1910.

Washington, D. C.—(P)—The situa-  
tion arising from the government's relig-  
ious regulations and their rejection by  
the Catholics Tuesday became more  
tense and more complicated.

President Calles issued his bitterest  
broadcast against the Catholic clergy  
in a statement to an American "Good  
Will Mission." He charged the clergy  
with seeking wealth and political pow-  
er, causing revolutions and blood-  
shed and using their pulpits for  
seditious speeches while keeping the  
masses of the people ignorant.

The Catholic episcopate continued  
unyielding in its refusal to accept the  
government's regulations; there was  
no move to return the priests to the  
churches, and the deadlock was ap-  
parently absolute; with no prospects  
of reconciliation.

One of the chief developments is a  
movement of depression and nervous-  
ness in business circles. The eco-  
nomic situation was already bad be-  
fore the religious regulations went into  
effect, and to this now has been added  
the effects of the economic boycott  
fostered by the league for defense  
of religious liberty.

### LENROOT BRANDS CLAIM REGARDING RAILS FALSE

Adams—(P)—Progressive leaders  
who say the Esch-Cummins law  
guaranteed profits of six per cent or  
any other percentage to the railroads  
know that it is not true, Senator  
Irvine L. Lenroot said here Tuesday  
in a campaign address.

"I did not suppose," he said, "that  
any one would repeat that old lie to  
my astonishment it is being repeated  
daily."

"I am glad there is one leading  
Progressive, a congressman who not  
only would repeat this falsehood, but  
who is big enough and brave enough  
to tell the truth about the Esch-  
Cummins law." I refer to Congressman  
Schaefer of Milwaukee, a staunch sup-  
porter of the late Senator La Follette,  
a railroad man carrying a union card."

### JANESVILLE BURGLAR ARRESTED IN ILLINOIS

Freeport, Ill.—(P)—Earl Dawson  
30, of Herrin, Ill., was arrested here  
Tuesday at the request of Janesville,  
authorities, who said he was wanted  
there to answer to the charge of steal-  
ing \$42 from a restaurant where he  
had been employed.

Police learned of Dawson's presence  
in Freeport when he phoned the home  
of Miss Doris Engle, former coed at  
the University of Wisconsin, who  
caused Dawson's arrest at Madison  
several weeks ago, charging he had  
annoyed her by phoning for dates.

Dawson said he met Miss Engle a  
year ago when she was a school  
teacher at Elgin, Ill.

### POOL ROOM POPULAR, WITH STUDENTS, SOLD

Madison—(P)—"Dad" Morgan's  
pool room on State-st. for many years  
a rendezvous of students, has been  
sold and will be supplanted by a mod-  
ern furniture store.

### Merchants Expect Large Crowds On Dollar Days

Appleton merchants were making  
final preparations Tuesday to accom-  
modate the huge crowds which are  
expected to throng Appleton stores  
early Wednesday morning to take ad-  
vantage of the bargains to be offered  
at the cooperative Dollar Day sale,  
Wednesday and Thursday. The sale is  
sponsored by the retail division of the  
chamber of commerce. Merchants  
have been busy the past two weeks  
rearranging and repacking their stocks.  
Shoppers are expected from every-  
where within a 100-mile radius of Ap-  
pleton. Tuesday's edition of the Ap-  
pleton Post-Crescent carries the ad-  
vertisements of the merchants, telling  
of the bargains offered. In addition,  
the merchants committee has covered  
the territory for miles around Apple-  
ton with posters calling attention to  
the two cooperative Dollar Days.  
Everything will be found on sale  
Wednesday and Thursday on the  
counters of Appleton merchants. Spe-  
cial reductions have been made, in-  
addition to the extra bargains offered  
for the two Dollar days. The sale is  
a benefit to the people in Appleton's  
trading area because they may ob-  
tain many needed articles at lowered  
prices.  
Clothing, hardware merchants,  
confectioners, dry goods dealers, gro-  
cers, home supply dealers, automobile  
accessory merchants, milliners jewel-  
ers—in fact every type of store is  
represented among the cooperative  
dealers.

### DEADLOCK IS REACHED IN CHURCH ROW

Situation Tense as Catholics  
Refuse to Accept Gov-  
ernment Regulation

### BUSINESS SUFFERS

Claim Clergy Seek Wealth  
and Political Power at  
Mexico's Expense

Mexico City—(P)—The situa-  
tion arising from the government's relig-  
ious regulations and their rejection by  
the Catholics Tuesday became more  
tense and more complicated.

President Calles issued his bitterest  
broadcast against the Catholic clergy  
in a statement to an American "Good  
Will Mission." He charged the clergy  
with seeking wealth and political pow-  
er, causing revolutions and blood-  
shed and using their pulpits for  
seditious speeches while keeping the  
masses of the people ignorant.

The Catholic episcopate continued  
unyielding in its refusal to accept the  
government's regulations; there was  
no move to return the priests to the  
churches, and the deadlock was ap-  
parently absolute; with no prospects  
of reconciliation.

One of the chief developments is a  
movement of depression and nervous-  
ness in business circles. The eco-  
nomic situation was already bad be-  
fore the religious regulations went into  
effect, and to this now has been added  
the effects of the economic boycott  
fostered by the league for defense  
of religious liberty.

### SILVER TAKES SLUMP

Silver exchange—The silver  
market has slumped from 34 to 4 per  
cent, the highest in several years.  
Prices of some foodstuffs are advanc-  
ing and the people fear further rises.  
Secretary of the Treasury Paul has  
appointed a committee of experts to  
study the economic situation and re-  
commend remedial measures.

Government employees have organ-  
ized a league for defense of the constitu-  
tion with object of conducting an ac-  
tive propaganda campaign in support  
of the government's religious pro-  
gram.

Only a few worshippers are seen in  
most of the Catholic churches. The  
Catholics say they are praying in their  
homes rather than go to the churches  
for fear of being arrested by municip-  
ally appointed committees because they  
do not desire even tacitly to recognize  
the authority of these committees.

The self-styled, "Good Will Mission,"  
from the United States to Mexico,  
which has been studying the religious  
situation in Mexico is of the opinion  
that the administration of President  
Calles is engaged in a great program  
of social reforms, essential to the wel-  
fare of Mexico, and does not antici-  
pate serious trouble.

"We believe that when the churches  
in Mexico accept as they have done in  
the United States the fundamental  
democratic principle that every in-  
dividual, irrespective of religion, owes  
civic loyalty to the state, rather than  
exclusive loyalty to the religious ques-  
tion will be settled in Mexico and that  
the church will prosper thereby."

### CALLES GREET'S MISSION

In the mission there are ministers  
teachers and business men including  
10 protestant ministers from midwest-  
ern United States. President Calles  
expressed pleasure at the state, rather  
than the national level, of the mis-  
sion and the members would in-  
form the American public of the real  
condition surrounding the religious  
situation in Mexico. The President  
told them that the difficulties in Mex-  
ico had been started or rather pro-  
voked by the Mexican representatives  
of the Hierarchy of the Roman Catho-  
lic church whom he declared were "in-  
tolerant."

"I think," the President is  
quoted as having said, "that every-  
one should conform to their dogmas,  
at present they cannot do as they  
used to do. They cannot persecute in-  
dividuals or members of other re-  
ligions.

The Mexican government had to  
punish them and to suppress the out-  
rages of Catholics.  
"The Catholic clergy has always  
been attempting to keep from obey-  
ing."

### CLOUDBURST FLOODS TOWN OF CROATIA

Agram, Croatia—(P)—A cloud-  
burst of tremendous proportions has  
caused great damage in the western  
part of this city. Bridges over the  
river have collapsed under the weight  
of the flood waters. A number of large  
buildings including the custom house  
are submerged.  
Hundreds of persons have been driv-  
en from their homes, but there are no  
reports of casualties.

## BALLARD GIVES ENTIRE SUPPORT TO ZIMMERMAN

Former Treasury Agent Comes to Defense of Gubernatorial Aspirant

Madison—(AP)—Clinton Ballard, Appleton, former treasury agent and now candidate for the Republican nomination for state treasurer, Tuesday issued a statement in defense of Secretary of State Fred R. Zimmerman, gubernatorial aspirant.

"I have yet to find where Fred R. Zimmerman, secretary of state, La Follette progressive candidate for governor, has in any way failed to live up to and carry out the progressive principles and traditions inbred in him through his close relations with our great leader, Senator Robert M. La Follette," Mr. Ballard stated.

"Neither my progressivism nor Mr. Zimmerman's progressivism was ever questioned by anyone, until against the wishes of the 'Madison Ring' he became a candidate for governor and I a candidate for state treasurer."

"When I hear reports that Fred Zimmerman's progressivism is being attacked by a campaign of 'whispers' I have only to harken back to the time after the emergency board normal school and university appropriation fight between Governor Blaine, Sol. Levitan and Fred Zimmerman when Senator La Follette said to me: 'Keep your eye on this boy Zimmerman; he's destined to do big things in this state.'"

"And after Blaine began to dictate in Madison and the rumblings of trouble reached the ears of the old Senator, he remarked:

"I've known Fred Zimmerman 26 years and he's always been right."

## BOXING TO TAKE PLACE OF DUELING IN GERMANY

Berlin—(AP)—Boxing is slowly replacing duels with sabres as a major sport in German universities and high schools.

The first interscholastic boxing matches ever held here have just taken place between pugilists of the University of Goettingen and the Hannover School of Technology.

Educational authorities in many states, including Prussia, have sanctioned boxing and its popularity is becoming widespread. The lower house of the Baden legislature has passed a bill prescribing the same punishment for students duellists with sharpened sabres as that meted out to those who attempt to settle affairs of honor with weapons.

## Travelers Insist On Taking Away Keys, Say Hotel Owners

One of the most frequent and unintentional "crimes" committed by travelers is carrying off hotel keys, according to managers of Appleton hotels. The keys are usually attached to a small paddle bearing instructions for the "wrong doer" to drop them in a mailbox. Return postage is guaranteed. By this method most hotel keys are eventually returned, hotel men report.

## LEVITAN SHUNS "MADISON RING"

State Treasurer Says Ring Is a Myth as Far as He Is Concerned

Princeton—(AP)—State Treasurer Solomon Levitan denied in a speech here Monday night that he is connected with any "ring."

"This 'Madison Ring,' about which there is so much talk, is a pure myth, as far as I am concerned," said Mr. Levitan.

"No 'ring' ever asked me to run for office, nor have I any understanding with, nor any obligations to any so called 'ring.'"

"I am running on my own accord, as public officer. I believe that I have given a business like and efficient administration of the state treasurer's office. I have saved the state, thousands, through cutting out red tape, and eliminating useless waste. In a single instance, I saved the state a million dollars, through discovering a loop hole in the gas tax act, which would have exempted 50,000,000 gallons of gas in hand when the law went into effect."

"When the people of Wisconsin at the last election returned me to office with 491,224 votes, the largest ever received by a Wisconsin state treasurer, I took this endorsement as an indication that the people wanted me to continue the good work I had begun."

"I am coming to the people on my record. For forty-five years, I have been before the Wisconsin public, from pack peddler, merchant, and banker to state treasurer, and I am not afraid to hold my record for all that time up to the light, for investigation. People have learned to know me as 'Honest Old Sol' and I am proud of it. Wisconsin people know that my word is my bond, and whenever I make a statement, they know it will be the truth."

## FOREST-CO GETS NEW DISTRICT ATTORNEY

Madison—(AP)—L. L. Bruemmer of Crandon succeeds G. H. Dawson, resigned, as district attorney of Forest-co. His appointment for the unexpired term was announced Tuesday by Governor Blaine.

Theodore Xistris is confined to his room at the Y. M. C. A., with a slight illness.

Watch Your Breakfast

Energetic Mornings Depend on Breakfast —Start Always with Quaker Oats

HOW you feel all morning depends largely on your breakfast. Thousands have unenergetic forenoons because of wrong breakfast eating.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is hurried, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder; 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning.

Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.

## CHURCH STRIFE

Undoubtedly, the Catholic Church has a grievance from its standpoint against the Mexican government for its enforcement of a constitutional provision which requires the nationalization of church property. Only superficial information as to the exact nature of the controversy is available in this country at the present time, but there is color to the contention of the Catholics that the new law amounts to religious persecution. It is claimed by the church, for instance, that not only is its property confiscated, but that instead of advancing the principle of separation of church and state, the law subjects the church to political dominion. On the other hand, the government's indictment of the church for alleged political interference and for controlling policies detrimental to the social, economic and educational progress of the country is both vigorous and sweeping. Undoubtedly too, the government has legitimate complaints on its side.

The first question which occurs to the disinterested observer is how a government in a country so overwhelmingly Catholic can maintain itself in office and authority if it is engaged in the flagrant persecution charged. One of the things man has most tenaciously held to through all centuries is religious freedom. One can understand how separation of church and state in a political sense may be brought about in any country, provided it is without prejudice or injustice to either. For history is full of instances of this kind, and invariably it has been sustained by public opinion no matter how strongly entrenched the church, whatever its denomination, may have been in politics and government. This issue, as we understand it, was not technically involved in Mexico, but the government claims it is involved practically. If its measures to this end are bonafide, and that is actually what they are intended to carry out, they will stand. If, however, they go further than this and violate the fundamental principles of religious liberty and the rights of the church they must fall, for no other reason than that the people of Mexico will not permanently uphold a government guilty of obvious wrong.

Already there are movements in the United States to bring about intervention in Mexico by the government at Washington. Information is to the effect that a step of this kind will not be considered, and of course that is the only policy that can be adopted so long as the controversy is purely domestic. Only in case the rights or privileges of American citizens are abused can this government interfere or take official cognizance of the trouble. Under no circumstances could we or should we intervene, even as a mediator to settle the domestic dispute. President Calles is on solid ground when he maintains that administration of the new law in its broad application is wholly within the sovereignty of the Mexican government. Of course, there may be exceptions, touching, as we have said, the status of citizens of this as well as other countries, together with their property rights, that would warrant representations, but they would be quite outside the main controversy. Mexico must solve this problem for herself, and it is better solved in this way than by outside offices, even if they were acceptable. Eventually what is inherently right and for the best interest of the Mexican people in the relations between church and state will prevail.

## "TIGER'S" OPEN LETTER

Mr. Clemenceau's open letter to President Coolidge on the subject of the French war debt settlement will, we think, strike most Americans as discourteous and ill-advised. His bald statement that the settlement was forced on France on a purely commercial basis, with the inference that neither sentiment nor concern for the distressed economic and financial condition of his country entered into the transaction, is undiplomatic even if it were true. But the fact is, as Clemenceau himself ought to know, that all of the settlements, with the possible exception of that with Great Britain, were based on the estimate of the president and his advisors that they could be discharged without serious detriment to the recovery of each particular debtor. It may be that we have driven a bargain with England that is beyond its resources to meet, but not so with Italy, Belgium, France, and the others.

The American point of view is that France herself is primarily responsible for her post-war adversities, that they have arisen more largely as the result of her own indiscretions, political blunders and military burdens than from the direct consequences of the war itself. Mr. M. Clemenceau essays to infer to the president that the United States is seeking to put a mortgage on French territory that will menace France's independence, and that his people are fearful lest we are adopting the old-time policy of England of controlling Europe by playing off one continental power against another. We would be justified in interpreting such extravagances as a deliberate insult, but Americans will, we believe, be less harsh and will regard them as a misunderstanding of American character and American aims. Still, the Tiger ought to know better of our people and our government for he has been in close contact with them officially and in person.

We must be charitable in our reactions to the unfriendly antics of our French friends. Their temporary hostility is typical of the race, which from time to time in the face of any great stress, must blow off its emotional steam. The financial crisis and the fall of the franc are getting on the nerves of both the people and the politicians. After they have made a spectacle of themselves they will apologize and the animosities will be washed out. They will welcome our spendthrift tourists, the loans of our bankers and the good-will of our government. For the time being we shall have to let them rave. That is what President Coolidge has very sensibly decided to do in letting it be known officially that so far as his administration is concerned the negotiations for funding of the French debt are closed. There is also a mild but penetrating rebuke to M. Clemenceau in the further statement that the American government intends to conduct its relations with the French people through their duly constituted diplomatic authorities. We are not going to be cajoled into revising the debt settlements, which have been eminently fair and in no sense cold-blooded, because of an outburst of French hysteria and in exhibition of rotten political taste.

## WHAT DOES "BOB" MEAN?

Robert M. LaFollette, Jr. in his address in Appleton recently specifically named the candidates for office, state and local, that voters are required to cast their ballots for. In this list we find the name of George Schneider, candidate for reelection as congressman. In his speech demanding the retirement of Senator Lenroot, young LaFollette emphasized as one of the senator's greatest mistakes, and a grave betrayal of public trust, his support of the world court. His sophomoric strictures on the court were particularly lurid. It is the sum total of all evil to his discerning eye. Yet, Senator Wheeler, who ran on the Progressive presidential ticket with his father two years ago, voted for American adherence to this iniquitous court. So did four Wisconsin Progressive congressmen, all LaFollette's supporters. So did Congressman George Schneider, to whom young LaFollette gives his unqualified approval. The American Federation of Labor, to whose members young Bob makes a special appeal, endorsed the world court. When is a knave not a knave? What does this kind of campaigning mean?

## Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author  
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

## IT IS ALL IN THE HEAD

In the July number of the Health bulletin issued by the North Carolina state board of health—a health department publication which I read for instruction: the health publications of some other states are more for amusement—occurs one of the finest health sermons I have ever read. It is complete in two dozen words. The author's name does not appear.

Many long winded discourses have been hung on the shortest verse in Scripture and except for the instruction and exhortation of children it may be debatable whether these endless sermons have conveyed any thought not conveyed in the text: Jesus wept.

Here is the complete text of the health sermon published in the North Carolina bulletin:  
If you wish to get well of tuberculosis what you have in your head is more important than what you have in your lungs.

Cut it out and keep it in your family health book. Tuberculosis is a disease which is almost certain to occur and so widespread, and when it does occur in your family the wisdom and truth packed in this little sermon may light the way to recovery.

This health sermon is almost brief enough to serve as a maxim or motto, but it is much more than a mere epigram.

If laymen with what is generally called a fair education in hygiene this sermon from North Carolina would suffice as it stands. But the sad records show that many laymen are still as children when it comes to a battle with tuberculosis, so I am going to enlarge a bit on what you have in your head if you are in this battle.

First, the losing points:

1. The foolish notion of trying to deceive yourself or your friends that your impaired health is just "run down condition," "a bad cold that hangs on" or "weak lungs."
2. The childish fancy that out at the end of the rainbow there is a climate where your chance of recovery is better than it is here at home.
3. The reckless thought that you can get along all right without the advice of an "ordinary doctor" or his "pills and potions."
4. The temptation to try the latest wonderful "cure" heralded by the irresponsible news association.

The battle with tuberculosis is a game, and like most of the games it is often won or lost by head work or the lack of it. Now let us see what some of the winning points are, for the patient who not only wishes but intends to get well:

1. The constant attendance, supervision and advice of a real physician.
2. The comprehension of the curative importance of physiological rest.
3. The knowledge that one's opportunity for recovery is as great here at home as it is far away.
4. The knowledge that the majority of individuals with tuberculosis do recover, most of them without telling the world about it.

No layman understands what physiological rest means until he has studied this vital factor in the game under the guidance of a trained director—the physician.

## QUESTIONS AND ANSWERS

**Iron and Iodin**  
Is iron and iodine in the body about the same? Does spinach and cabbage replenish both elements? If cabbage replenishes iron and iodine, is sauerkraut as good? Is grape juice or grape wine good to supply blood with iron or iodine. What fruit is best? (J. J. Y.)  
Answer—No, the two elements have nothing in common. Spinach contains about one-half as much iron as yolk of egg; cabbage contains about one-eighth as much iron as yolk of egg. Grape juice contains sufficient iodine to depend on for iodine ration. All contain enough iron. Only foods from the sea yield an adequate amount of iodine.

## LOOKING BACKWARD

25 YEARS AGO  
Tuesday, Aug. 13, 1901

A daughter was born the previous day to Mr. and Mrs. Charles Steffen.

A marriage license was issued the previous day to Henry Falter and Bertha Lorenz both of this city.

Work on the new addition to the ground-wood pulp mill of the Combined Locks plant, which was abandoned the previous fall, was resumed the previous day by the Hackworth Construction Co., under the plans and supervision of O'Keefe and Orsen.

A daughter was born the previous day to Mr. and Mrs. James Perry, Fackelstadt.

Dr. Fred W. Jones and his brother, E. G. Jones had returned from a business trip to Chicago.

Mrs. Charles Fose and children and her father Mr. Schlechter were visiting relatives in the southern part of the state.

Word had been received the previous day by Mrs. E. C. Collins from her husband stating that he had been robbed of \$50 at Port Huron, Mich. Mr. Collins was a commercial traveler for the Appleton Screen Plate Co.

Charles Lanneman, a farmer in the town of Bovina, and a team of horses attached to the wagon on which he was loading hay were struck and instantly killed by a passing train.

Mr. and Mrs. William Buchanan returned the previous day from a four weeks trip to the Pan American exposition and several of the larger cities in the east.

J. H. Kamps left the previous day for La Crosse where he was to attend the annual convention of the Wisconsin State Pharmaceutical association.

10 YEARS AGO  
Tuesday, Aug. 8, 1916

Electric light wires crossing a water pipe caused a small blaze at the home of Joseph Koffend, 725 North-st, that morning. The insulation on the wires was worn off, causing sparks to ignite the ceiling of the basement.

Miss Viola Horn and Otto Wilkie both of this city were married at 8 o'clock the previous evening at Zion Lutheran parsonage.

Twelve young ladies entertained more than 100 persons at a leap year dancing party the previous night at Riverview Country Club. The hostesses were Miss Elizabeth Stevens, Mildred Wertheimer, Dorothy Clark, John Babcock, Nellie Olson, Margaret Killen, Frieda Powell, Dorothy Ross, Ellen Moore, Margaret Sensenbrenner, Janet Leavens and Angeline Freeman.

Twins, a boy and girl, were born the previous day to Mr. and Mrs. John H. Vander Silco. Mrs. Vander Silco was formerly Miss Elizabeth Schaefer of Appleton.

The Misses Blanch and Sylvia Roudeshus were to leave that evening for Duluth, where they were to visit for a few weeks.

## The Question Box

BY FREDERIC J. HASKIN

Frederic J. Haskin is employed by this paper to handle the inquiries of our readers, and you are invited to call upon him as freely and as often as you please. Ask anything that is a matter of fact and the authority will be quoted you. There is no charge for this service. Ask what you want, sign your name and address, and enclose two cents in stamps for return postage. Address the Appleton Post-Crescent Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Are game regulations made by national law in Canada? H. S. G.  
A. There is a movement to standardize the game laws throughout Canada. These are now regulated by provincial laws except in the national parks.

Q. When was the "mid-Victorian" era? J. A. H.

A. Queen Victoria ascended the throne 1837 and died in 1901. The term, "mid-Victorian," is applied to the era midway between her accession and death. Articles belonging to that period are not considered antique. Unless they have historic value they usually are not of great interest to collectors, since on the whole it was an era when beautiful furniture was not manufactured.

Q. Our class would like to know what should be done with a flag which is too old for use. W. T.

A. When a flag is too old to be used, it should be burned. The Government disposes of its worn flags in this way.

Q. If a marriage at sea is contemplated, where should the license be procured? A. B. S.

A. The captain of any ship has the right to perform a marriage ceremony. No license is required for such a ceremony to be performed.

Q. How long have toys been known and made? B. T.

A. The custom of playing with dolls is almost as old as man. The development of the manufacture of toys was very slow. Even 100 years ago, toys were few and simple in construction. Children's ways of part ages still survive. Metal, wood, stone, porcelain earthenware, leather, and paper were employed in making them. The fact that rattles, balls, and tops are still popular shows how few changes have occurred in the popularity of toys.

Q. Woodrow Wilson was said to have been elected President in 1916 because he "kept us out of war." Was a president ever elected who was pledged to get us into war? S. M.

A. Madison was renominated by the Republican or Democratic party in 1812, on his express agreement to declare war against Great Britain.

Q. What is osmotic pressure? D. K. T.

A. Osmotic pressure is the unbalanced pressure which causes osmosis, that is, the diffusion of a weaker solution into a more concentrated one.

Q. How many times has the word "Bible" been mentioned in the Bible? S. A. T.

A. In the Authorized Version of the Bible there are 38 different kinds of Bibles mentioned.

Q. Are there any relics of Patrick Henry in the National museum or elsewhere in Washington, D. C.? D. D.

A. In the National Museum in Washington, D. C. there is a money scale once owned by Patrick Henry. In the Museum of the D. A. R. Memorial Continental Hall there are the following articles which belonged to Patrick Henry: a hair comb, purse, handkerchief, manuscripts, and a Bible. His autographed signature is also in the Museum.

Q. Is it true that the folklore of certain people is preserved on joints of bamboo? A. R. C.

University of Michigan spent a year studying rubber producing plants in Sumatra and became interested in the folklore of the Malays, and particularly in their custom of writing it on joints of bamboo. These manuscripts contain their faiths and legends, descriptions of magical and medicinal uses of plants. The writing is done when the bamboo joints are green. Afterwards they are dried and thus preserved indefinitely.

Q. Give some brief information on the Agricultural Industry. B. B.

A. The National Industrial Conference Board, in its report on "The Agricultural Problem in the United States," published last month, says: "The agricultural industry exercises normally a purchasing power of nearly ten billion dollars annually for goods and services produced by others. It purchases about six billion dollars' worth of manufactured products annually or about a tenth of the value of the manufactured goods produced. It supplies materials upon which depend industries giving employment to over half of our industrial workers. It pays indirectly at least two and a half billion dollars of the wages of urban employees. It supplies about an eighth of the total tonnage of freight carried by our railroad system. Its products constitute nearly half of the value of our exports. It pays in taxes about one-fifth of the total cost of Government. Our farms and farm property represent nearly one-fifth of our tangible national wealth, and agriculture has contributed in recent years about one-sixth of the national income."

Q. Is there a train crossing Canada from the east to the west coast? C. M. S.

A. The Trans-Canada Limited of the Canadian Pacific Railway resumed its 1926 service on May 16 and will remain in operation until the latter part of September. It offers through service between the Atlantic and Pacific coasts in both directions. This train makes the run to Vancouver—2385 miles—in 89 hours 15 minutes, and from Toronto to Vancouver in 83 hours.

Q. Can guinea pigs be eaten? E. T. McK.

A. The Bureau of Animal Husbandry

Q. When was the College of William and Mary founded? C. M. S.

A. The charter for the College of William and Mary was granted by King William and Queen Mary on February 8, 1693. The foundation of the main building was laid the following year and classes were opened immediately. By 1729 the college had a full faculty.

Q. How much moonlight is there in the Arctic circle? W. W.

A. The Naval Observatory says, at either pole the moon is above the horizon continuously for about two weeks, and then below the horizon continuously for about two weeks. At the Arctic and Antarctic circles there are some years when for a few days in each month the moon does not set, and a few days in each month when it does not rise; otherwise at these circles it rises and sets daily. In the polar regions, during the winter months, the moon is generally above the horizon when it is full and below the horizon when it is new, and the reverse is the case during the summer months.

Q. Who wrote the story about the lady who threw her glove in a lion's den, commanding her lover to return it to her? S. M.

A. This story has been variously adapted by Schiller, Leigh Hunt, and Browning, but was originally told (about 1550) by Pierre Ronsard.

Q. Where can postal savings stamps be bought? J. J.

A. The Post Office Department says postal savings stamps are sold at post offices where postal savings business is done. They may be purchased at your local post office for ten cents each. If your post office does not have these stamps you may communicate with the Third Assistant Postmaster General, Division of Postal Savings, Post Office Department, Washington, D. C. A dollar's worth of postal savings stamps will start an account for one desiring to do so.

Q. Are any flags carried in the Revolution still in existence? H. E. S.

A. Flags carried in the Revolutionary War are in existence. For example, there is one on exhibition in the D. A. R. Memorial Continental Hall, Washington, D. C. Generally speaking, they have great intrinsic value.

Q. What is the status of the payment of the Boxer Indemnity? C. M.

A. Upon the remission of the first payments of the Boxer Indemnity by the United States, China pledged herself to send to the United States 100 students each year for four years and 50 thereafter for 25 years, to be selected from every province and regardless of religious or political belief. The Tsing Hua College in Peking, opened in 1911, trains students before they are sent to America. Payment of the Boxer Indemnity was suspended upon China's entrance in the World War in 1917, and resumed December 1, 1922. By Act of Congress, May 11, 1924, the balance due to the United States, amounting to \$4,137,553, was remitted, and turned over to President Coolidge, July 20, 1925, to the China Foundation for the Promotion of Education and Culture, a board composed of nine Chinese and five Americans.

## W. C. T. U. WILL HOLD PICNIC AT CITY PARK

Members of the winning division of the Women's Christian Temperance union, which obtained the largest number of new members in a membership campaign, conducted for several months, will be entertained by the losing division at a picnic at 2 o'clock Thursday afternoon at the City park. Fifty new members were obtained in the campaign. The union was divided into two sections with Mrs. Corn Rose captain of the winning division and Mrs. W. Glaser captain of the losers. In case of rain the picnic will be held in the gymnasium at First Methodist church. A program of stunts will be given by the winning group. Each member is requested to bring her own plate, cup and silver for the picnic supper.

## WOMEN OF MIDDLE AGE

### Praise Lydia E. Pinkham's Vegetable Compound

Mrs. Annie Kwinski of 526 1st Avenue, Milwaukee, Wis., writes that she became so weak and run-down that she was not able to do her housework. She saw the name Lydia E. Pinkham's Vegetable Compound in the paper and said to her husband, "I will try that medicine and see if it will help me." She says she took six bottles and is feeling much better.

Mrs. Mattie Adams, who lives in Downing Street, Brewton, Ala., writes as follows: "A friend recommended Lydia E. Pinkham's Vegetable Compound and since taking it I feel like a different woman."

With her children grown up, the middle-aged woman finds time to do the things she never had time to do before—read the new books, see the new plays, enjoy her grandchildren, take an active part in church and civic affairs. Far from being pushed aside by the younger set, she finds a full, rich life of her own. That is, if her health is good.

Thousands of women past fifty, say they owe their health to Lydia E. Pinkham's Vegetable Compound.

## ENGAGEMENT OF ROSETTA SEGAL IS ANNOUNCED

Announcement has been made of Mr. and Mrs. A. P. Segal, 729 E. Washington st., of the engagement of their daughter, Rosetta, to Lewis C. Alk, of Green Bay, son of Mr. and Mrs. L. Alk.

Miss Segal was prominent in public speaking and forensics while at Appleton high school and this year was awarded a \$500 scholarship in Public Speaking at Northwestern university at Evanston, Ill.

Mr. Alk was graduated from the University of Wisconsin with the class of 1925 and is now estimating engineer at the James B. Crowe and Sons Co. in Chicago.

## WEDDINGS

Miss Kathryn Stuyvenberg, daughter of Mr. and Mrs. William Stuyvenberg of Kimberly and Paul Lochschmidt, son of Mrs. Adolph Lochschmidt of Kimberly were married at 9 o'clock Tuesday morning at Holy Name church at Kimberly. The Rev. F. X. Van Nistelro performed the ceremony. Miss Cecelia Stuyvenberg and Willard VanderVelden were the attendants. A reception was held at the home of the bride's parents for about 90 friends and relatives of the couple. After a week's honeymoon trip at Elcho, Mr. and Mrs. Lochschmidt will live in Kimberly.

The marriage of Miss Frances Long of Bear Creek and Leo Smith of Winneconne took place at 8:30 Tuesday morning at St. Mary church at Bear Creek. The Rev. M. Alt performed the ceremony. ## 3 TEAMS ENTER Y. M. C. A. BOYS' BASEBALL LEAGUE

Three teams entered the Y. M. C. A. boys' baseball league at the initial meeting in the boys department of the association building at 5 o'clock Monday afternoon. The teams are managed by Frank Bruggemann, Edward Helms, and Howard Ellis. Officials of the Y. M. C. A. will spend the balance of the week promoting teams throughout the city, and play in the new league will probably start next week.

All boys in the city under 18 years of age, whether members of the Y. M. C. A. or not, are eligible to enter teams in the new league. In case sufficient number of teams enroll, two leagues will be formed. A meeting probably will be held later this week for final details of organization, including drawing up of a constitution and set of by-laws, election of officers, and formation schedules.

# Calles, Reared As Catholic, Opposes Confessional, But Family Is Devout

EDITOR'S NOTE: Here is another special article wired to Appleton Post-Crescent by DeLloyd Finley Wood, Methodist pastor who is in Mexico investigating conditions at the invitation of President Calles. A man of breadth of vision and tolerance, Mr. Wood has unusual opportunities for observing the true state of things in the present religious conflict, and today presents a remarkable article on President Calles' own religious convictions.

BY DELLOYD FINLEY WOOD (Copyright, 1926, NEA Service, Inc.) Mexico City—President Calles and every member of his cabinet, with the exception of the minister of state, who was raised a Presbyterian, are nominal Catholics.

The president, was baptized and confirmed in that faith. If he were asked, however, he probably would deny affiliation with any church. All the members of President Calles' family are Catholics. Senora Calles is known for her devoutness and adherence to the practices of the church. One daughter of the president, now vacationing at home, is a student in a Los Angeles convent. Another daughter was recently married in a prominent Catholic church here.

ALL WENT TO CONFESSION Members of the presidential family went to confession before the offices of the Catholic priests were suspended on July 31 by order of the pastoral letter signed by the archbishop of Mexico and the Catholic episcopate.

This pastoral letter, it is worth noting, protested against the religious regulations of the constitution and closely by stating some of the penalties which the Catholic church may impose on persons who have been baptized.

Among these are excommunication of those who issue laws, regulations or decrees against the rights and liberty of the church, and excommunication of those who, directly or indirectly, prevent the exercise of religious jurisdiction.

To date the president has not been excommunicated.

President Calles denounces the institution of the confessional, just as do other leaders of the so-called "social revolution." The monist parade of Aug. 1 in support of the government had many banners condemning this established and integral part of the Catholic faith.

The president, however, does not interfere with members of his family who go to confession. An intimate friend of the family told me today that President Calles recently asked one of his daughters why she did not confess to her mother. Her answer did not satisfy him.

He is frank and open in his dealings with others, and has no idea of

HERE ARE CALLES AND PART OF HIS FAMILY, ALL OF WHOM SAVE THE PRESIDENT ARE DEVOUT CATHOLICS. ABOVE, BESIDES THE PRESIDENT, IS HIS WIFE SENORA CALLES. BELOW, LEFT TO RIGHT, ARE HIS DAUGHTERS, ALICIA, ERNESTINE AND NATALIE. ERNESTINE IS NOW IN THE UNITED STATES.

setting himself against anyone's religious convictions. If he were so minded he would have to begin with his own family.

## APPLIED CHRISTIANITY

But he is determined to enforce the constitution and laws providing for confiscation of church property.

Mexico has a movement similar to that in India and Japan, which believes that the only solution of social, economic and political ills lies in the teachings of Jesus. Many men who condemn organized Christianity for its theology and ecclesiasticism are diligent Bible readers. It is not uncommon in public gatherings here to see a Bible produced and hear a quotation from the gospels.

President Calles belongs to this

movement. A well-known American social leader said to me today: "No man in Mexico believes more in the application of the social teachings of Jesus than the president."

## PRIM ATTENDS FUNERAL OF GILBERT CORCORAN

Police Chief George T. Prim attended the funeral of Gilbert Corcoran, which was held Monday morning at Holy Cross Catholic church at Kaukauna. Mr. Corcoran was instantly killed when fell down an elevator shaft in a cannery factory at New Rochelle, Ill., where he was employed. He was a nephew of R. H. McCarty, Kaukauna chief of police. The Corcoran family moved from Kaukauna to New Rochelle about six years ago.

## RECORDS INDICATE ARTISTS LONG LIVED

London. —(AP)— Artists may starve in Chelsea garrets, as Sir Joseph Duveen suggests, but starvation does not shorten their lives, if one may judge by the longevity of many of England's painters.

Sir Luke Fildes is 82. Joseph Farquharson is 70. Both Sir David Murray and Sir Aston Webb are 77, and Walter Oulss is 78. Sir Frank Dicksee, the president of the British Academy, is a mere child among academicians, being only 71.

Claude Monet, the celebrated French impressionist, is 85. Titian lived to be 96, and so many of the other old masters reached a ripe age that present-day artists have plenty of precedent for longevity.

## UTILITIES WILL STUDY ACCIDENTS

Association Will Seek Means to Eliminate Causes of Mishaps

Madison.—(AP)—Elimination of accidents caused by increasing congestion on city streets will be one of the problems for discussion at the annual convention of the Electric Railway Association of the Wisconsin Utilities association in La Crosse Aug. 12 and 13, it was announced here.

Nels C. Rasmussen of the Wisconsin Valley Electric Co., Wausau, chairman of the section has received word from approximately 150 company representatives who expect to attend the sessions.

F. R. Coates, president of the American Electric Railway association will be the guest of honor. He is scheduled to address the convention Friday on the status of local and interurban transportation throughout the United States. Commissioner Andrew R. McDonald of the Wisconsin Railroad commission will talk on the local transportation situation in the state.

Mayor J. J. Verchota of La Crosse will open the convention Thursday, and will be followed by Mr. Rasmussen's report. The morning session will be closed with an address on "Opportunities of a Transportation Man to Improve Public Relations" by C. D. Phenicle, of the Wisconsin Public Service Corporation, Green Bay.

## COUNTY CLERK SEEKS BALLOT PRINTING BIDS

Bids for the printing of 23,500 official ballots and 3,000 sample ballots for the primary election, Sept. 7, are being called for by John E. Hantschel, county clerk. The ballots must be printed and ready for distribution not later than Aug. 25. Mr. Hantschel also will call for bids this week for printing 100 bar calendars for the September term of circuit court. Complete data for the calendars will be available Sept. 13, and the printed booklets must be ready for distribution Sept. 16.

14 CHILDREN BEFORE 25 Hollister, Calif. — Mrs. Joseph Churchill, 107 years old, does her own housework and cooks the meals for her husband, 88, whom she married forty-nine years ago. She sews without glasses. Only one of fourteen children born to a previous marriage is alive. All of them were born before she was twenty-six years old.

Results of a study of noises in transportation equipment will be given by Kent Woodbridge, student at the University of Wisconsin.

## UNITED STATES TIRES ARE GOOD TIRES

### Questions and Answers about "What Makes a Good Tire?"

Question—Does any one single feature make a good tire?  
Answer—No.  
Question—Then what does make a good tire?  
Answer—The perfection of all the different operations that are necessary in producing the finished product from tree to tire.  
Question—As for example?  
Answer—The success of the United States Royal Cord Balloon in delivering true balloon cushioning and comfort, and yet giving long-lasting service is largely due to these six important factors:

**Plantations**  
The United States Rubber Company owns and operates scientific Rubber Plantations in Sumatra and Malaya. Has 7,000,000 rubber trees, all yielding latex now, from which the company produces its Sprayed Rubber and its Latex-treated Web Cord.

**Sprayed Rubber**  
Of the greatest importance, because of its fine quality, and its freedom from acid and smoke. Briefly, the latex is sprayed into a chamber containing hot, dry air, which dries out the liquid from the latex, leaving the pure, solid rubber. This does away with the old methods of smoke-drying and acid coagulation.

**Uniform Cotton Cord**  
To insure absolute uniformity and high quality of the cotton cord used in United States Tires, the United States Rubber Company operates its own cotton mills at Winnsboro, South Carolina. Here the choicest grade cotton is made into cords to meet the rigid requirements of the tire factories where it is used to produce Latex-treated Web Cord.

**Latex-treated Web Cord**  
Also an invention of the United States Rubber technicians. The cords are laid parallel without tie-threads, and soaked in virgin rubber latex, which forms an elastic web through and through and between the cords. Important because it gives the cord structure maximum strength and maximum flexibility.

**Flat-Band Method of Building Tires**  
Do not miss the importance of this revolutionary improvement in tire-building. The way it works is highly technical. But the result is that each cord in a United States Royal Cord is made to lie in exactly the right position, under precisely the right tension, and to take its due share of the work.

**Searching Tests from the Tree to the Tire**  
United States Tire tests begin with the raw materials—and these tests never stop. Many tests are made during the process of manufacture and finished tires undergo various factory tests such as the "Tread Wear Test" illustrated. Even after the tires are sold and in use, their performance on the road is being checked by factory-trained experts stationed all over the country.

## ALIEN PROPERTY RECORDS OBJECT OF BORAH PROBE

Investigation May Result in Astonishing Discrepancies in Reports

BY CHARLES P. STEWART  
Washington—The Senate committee investigation of the alien property custodian's office may turn up astonishing discrepancies in the records. At least, Senator William E. Borah and his fellow committeemen believe that it will.

The alien property custodian's records never have had a thorough overhauling and their volume is tremendous. If there has been graft, as Borah expects to show, it's quite on the cards that it was on a record scale for the sums the custodian has handled have been comparable to the hoards in the United States treasury. "Millions" is Borah's rough estimate of the amount he believes stuck to somebody's fingers. For legal advice alone \$3,000,000 appears to have been spent. This may or may not have been too much but Borah thinks it was.

Ex-Custodian Thomas W. Miller and ex-Attorney General Harry M. Daugherty probably will have to bear the brunt of things when the investigators really get down to cases. Both are under indictment in New York in connection with one of the custodian's turnovers, but that was just a single transaction. Borah expects to dig into thousands.

Even if the explanations are all satisfactory there still have to be a great many of them.

Borah doesn't like the idea of an alien property custodian's office anyway.

He doesn't consider it right to seize private property even in time of war, and with billions of our own invested abroad now, he entertains the guess that the next time we get into one, we'll wish we hadn't set such a precedent.

At any rate, he says the seized property ought to be returned, now the war's over, and he adds most emphatically that the custodian and his friends ought not to have gambled it any of it up—if the government's possession. Such an office as the alien property custodian's does, of course, tend to itself to manipulation, if the men in charge care to manipulate it.

It isn't bound by such iron clad rules as, for instance, is the treasury department. That is to say, it has charge of vast properties of more or less problematical value and in order to permit of their administration a certain amount of latitude has to be allowed, whereas the treasury has just so much money and must account for every cent of it.

Then too, the treasury money belongs to the whole country and if there's much misuse of it, there's bound to be a howl sooner or later. The alien property custodian's holdings are nobody's in particular, and the only people to howl about them are the enemy aliens they were taken away from—to whose howls nobody pays any attention.

Even in the New York case nobody was interested there was that Miller, backed by Daugherty, had returned some of their property to them—for a consideration. The aliens were included in the accusation, too—for taking it and, as charged, paying the consideration.

But Borah thinks the aliens also ought to have a shake. It ought to be at least as good as an oil or a slush fund investigation.

## REVALUATION OF COUNTY ADVANCES

Expect to Complete Entire Reassessment by About Sept. 15

Reassessment of Outagamie co will be completed about Sept. 15, it is estimated by Pearce Tomkins, field agent of the Wisconsin Tax commission, who is in charge of the work in this county. Most members of the revaluation staff will move elsewhere about Sept. 1.

If the project is completed by Sept. 15, all work will have been completed within three months—the maximum time allowed is four months.

Work in the Sixth ward of Appleton was started Saturday and will probably be finished by the end of this week, Mr. Tomkins declared. All other wards of this city have been reassessed, and all personal property reassessment has been completed in the city and towns.

Work is now in progress in the towns of Freedom, Oneida and Kaukauna. Towns remaining to be revaluated are Buchanan, Grand Chute and Vandenbrook. If weather is favorable, reassessment in all towns will be started in the city of Kaukauna by the first of next week.

After the reassessment work has been completed, some time will be devoted to a recheck and to checking up on property sales.

## PLANE VICTIMS ARE RECOVERING

Hannigan and Shepherd both Improving from Injuries Received in Crash

The condition of George Hannigan, 16, son of Mr. and Mrs. James T. Hannigan, 218 E. Harris st., and Robert Shepherd, 1000 E. Pacific st., who are confined at a Manitowoc hospital as a result of injuries received last Friday afternoon at Quarry, when an airplane in which they were about to ascend struck an air pocket 20 feet from the ground and nosedived to the earth, is greatly improved, according to Hannigan's parents who visited the boys at the hospital Sunday.

The driver of the plane, Melvin Thompson of Quarry, received a severe cut above his left eye which necessitated 23 stitches to close. He was allowed to return to his home after he received medical attention.

The three had entered the plane and were to start for Milwaukee to attend the King Neptune pageant. As the plane was about 20 feet from the ground it struck an air pocket, and crashed to the earth.

Hannigan suffered a double fracture of the left hip and a compound fracture of the knee. He will be confined at the hospital for about six weeks. Shepherd, who suffered a dislocated bone in his right leg, also is recovering. He will be confined there about one month.

## "FORTY AND FIGHTERS" HOLD "WRECK" AUG. 26

La Crosse.—(AP)—More than 750 "Forty and Eighters" from Wisconsin will participate in the annual "wreck" when the state convention of the American Legion opens here for three days, Aug. 26.

Stanley M. Doyle, national president of the organization, is also expected to attend. More than 6,000 veterans will take part in the activities of the convention.

Activities of the "Forty and Eighters" will begin at 8 o'clock in the evening on the second day, Friday, when the initiation of 100 candidates from the state will be opened with a sham battle in one of the local parks. The battle will be made realistic with the aid of fireworks and flares to illuminate the maneuvers.

Three box cars, standard equipment of the organization which will be used in staging the "wreck" will come from River Falls, Black River Falls and Stevens Point, according to word received by local committees in charge.

Following the sham battle, the "Forty and Eight" will parade through the downtown district, finally converging at one of the assembly halls in the city where initiation will be completed.

## Natural Iodine In Deep Sea Water

Natural Iodine—the right kind of Iodine, comes from the sea and there is just enough of it in Ocean O, the deep sea water blood treatment for those who have simple goitre or thyroid gland trouble.

Besides Iodine there are many other natural mineral elements in Ocean O that are easily absorbed into the blood and carry their rich up-building atoms to every organ, gland and tissue in the body, putting new vigor into the human organism and creating abundant strength and vitality in those who are weak, run down, nervous and depressed.

Ocean O is highly concentrated deep sea water distilled and filtered and the excess common salt removed and as one teaspoonful in a glass of water constitutes a dose a 10-ounce bottle which you can get from Voigt's Drug Store or any pharmacist anywhere lasts a long time.

Any physician will tell you that deep sea water has little every mineral element that is found in pure, healthy blood and that is why Ocean O is so much in demand by the people whose blood needs it's alkalizing influence and especially by those who have eczema or obstinate skin eruptions and rheumatism due to acidity of the blood. adv.

## LOCAL GROCERS PLAN TO ATTEND STATE MEETING

Herbert Kluge and H. J. Guckenberg Will Represent Appleton Retailers

Herbert Kluge and H. J. Guckenberg will represent the Appleton Retail Grocers association at the annual convention of the Wisconsin Retailers association at Wisconsin Rapids on Monday, Tuesday and Wednesday, Aug. 16, 17 and 18. Several other Appleton grocers are planning to attend at least part of the session, motoring to Wisconsin Rapids in the morning and returning at night.

Another Appleton man, C. C. Nelson, head of the Retail Publishers, Inc., will speak. Mr. Nelson will give a review of the year's activities of the Retail Publishers and the Wisconsin Retail Merchants Advocate. This magazine is the official organ of the association and has been published by the local concern the past year.

The program, which is completed, includes talks by T. H. Clausen, president of the Van Brunt Manufacturing Co., Horicon, and I. B. Romig, advertising manager of Johnston and H. C. Co., Wisconsin Rapids. Mr. Clausen will talk on the Wisconsin Problem, and Mr. Romig will speak on Topsy Stores. Other talks will be by state officers of the association. W. H. Tomek, Two Rivers, president, and M. Slattery, Milwaukee, secretary.

The convention opens Monday morning for three days. Sectional meetings for every line of retail merchandising will be held at some time during the convention. Delegates will be taken on an inspection tour of the mills of the Consolidated Water Power and Paper Co. All sessions will be held in the Elk club with the Hotel Witter as convention headquarters. Charles J. Petrie, Milwaukee, president of the Wisconsin Retailers Mutual Insurance Co., conducted by the association, also will speak.

## GRAY RITES ARE NOT COMPLETED

Pioneer Kaukauna Resident Found Dead in Bed by Chief of Police

Kaukauna—Funeral arrangements for William Gray, 75, who was found dead in his room in the rear of the Feehan undertaking establishment by Chief of Police R. H. McCarty and Fred Merbach between 9 and 10 o'clock Monday morning, will not be made pending word from relatives. Mr. Gray had been missing since 7 o'clock Saturday night when he was last seen by one of the Quinn brothers who operate a grocery store west of the funeral establishment. At that time he had been into the store to order some milk for his breakfast the next morning. He was caretaker of the Feehan funeral home, and as he left the store he said, "Well, I've got to be getting back because Mr. Feehan left for Merrill this afternoon and there is no one at the store to answer calls." This was the last time Mr. Gray was seen alive. Nothing was thought of it when he failed to call for milk Sunday morning, but when he did not appear Monday morning the Quinn brothers became suspicious. Thinking perhaps that Mr. Gray was ill they went to the rear of the funeral home but everything was closed tight and they could not enter. Mr. Merbach was consulted and Chief of Police McCarty was sent for. The rear door was battered in and the men found Mr. Gray dead in bed. He was lying on his left side, with his left arm underneath his head and his right arm at his side. He apparently had passed away in his sleep. Dr. W. N. Nolan, city health officer, who was summoned said death was due to heart disease and that he had been dead a number of hours. Mr. Gray was one of the pioneer residents of this city having lived here for more than forty years. At one time he was in business here.

## MISSIONARY SOCIETY WILL MEET ON AUG. 18

Kaukauna—The Women's Foreign Missionary society of the Methodist church will hold its next regular meeting Wednesday, Aug. 11, as was originally planned. The meeting will be at the home of Mrs. W. F. Ashe. New officers will be elected, and Mrs. W. F. Ashe and Miss Lottie Bell will be hostesses.

## SMITH GAINING FAME AS BIG BALL PLAYER

Kaukauna—Another ball player from this vicinity gaining fame in organized baseball is Lester Smith, son of Mr. and Mrs. Paul Smith of Combined Locks. ## YOUTH HONORED AT CHERRY CAMP

Lloyd Derus Is Champion Picker and One of Most Popular Boys There.

Kaukauna—Lloyd Derus, son of Mr. and Mrs. Joseph Derus, Sarah-st, won many honors at Camp Chac, Sturgeon Bay, according to a letter received here. He is one of many Kaukauna boys picking cherries at Camp Chac, this season. He received a banner for picking the highest number of quarts of cherries in one day, gathering 208 quarts of cherries by 3 o'clock last Friday. He was forced to stop work because of rain.

This is the camp record. Had he been able to work the remaining two and a half hours he would easily have picked 300 quarts. Lloyd also received a ribbon for picking a hundred or more quarts every day since he has been there. He was chosen leader of his group, which has the best picking average of any in the camp.

Recently he was voted one of the most popular boys in the camp. He also had the distinction of being the first boy to pick 500 quarts and also 1,000.

## BLIND WOMEN PREFER BLUE AND DISLIKE RED

London. —(P)—Highly sensitive and intelligent women who have been born blind nearly always like blues and dislike reds. This is the statement of Miss A. M. Burrow, a blind woman, who is in charge of an extensive knitting exhibit arranged by the London Association for the Blind. Miss Burrow and her associates have little trouble in distinguishing the color of yarns. The beautiful white flower known as the yucca, or Spanish bayonet, depends almost exclusively on one kind of moth to carry pollen the the pistil of the plant.

## POPULAR TRAINED NURSE TOOK "DRECO" AFTER OTHERS FAILED

Was Run-down, Weak, Had No Appetite, Nerves Kept Her From Sleeping. Digestion Was Poor and She Suffered from Constipation.

Four Bottles of "DRECO" Brought Her Out and She Has Gained 23 Pounds.

Many local people have taken Dreco and received splendid good from it. More and more come to Schlitz Bros. Drug Store and relate their experiences to the Dreco Expert as to how this great plant and herb remedy has restored them, many after other treatments had failed.

Mrs. Edith Mooney a trained Nurse residing at 1104 E. Main Street, Battle Creek, Mich., gave the following statement: "I have tried many treatments hoping to build up myself but none did it till I got Dreco. I had stomach disorders so that I couldn't eat many things because they disagreed with me. Gas formed, I'd be-

come nauseated and had heartburn. This denying myself made me weak and nervous. I couldn't sleep and lost a lot of weight and became weak and debilitated. I was constipated all the time.

"I've taken four bottles of Dreco in all and I've gained 23 pounds which has made me feel wonderful. My digestion is perfect, never have gas, my bowels act regularly every day, and I sleep fine.

"I've recommended Dreco to a number of people because I know it will help them."

Mr. W. V. Martin, the well-known Expert from the Dreco Laboratories now at Schlitz Bros. downtown drug store is telling scores of people every day how to take Dreco for best results. Go to see him.

## LENROOT WILL SPEAK AT CITY PARK WEDNESDAY

Senior Senator Challenges Blaine to Series of Five Debates

Arrangements for the appearance of Senator Lenroot at the city park on Wednesday evening of Senator Blaine at the city park are completed, according to J. D. Steel, chairman of the Outagamie-co Republican committee. Amplifiers are being installed to make certain that all persons may hear the speaker. In case of rain, Senator Lenroot will talk at Lawrence Memorial chapel. A large crowd is expected to hear the Wisconsin senator.

Speaking at Baraboo Monday night, Senator Lenroot made an offer for a series of five joint debates with Governor Blaine. He made the offer so definite and explicit that observers saw little chance for Governor Blaine gracefully to stay off the same platform with the senior senator. The Lenroot challenge at Baraboo Monday night put additional "pep" into a contest that already had plenty of life in it.

"I believe that the people are entitled to know the truth in this campaign, and every candidate should afford them all possible facilities for determining it," Senator Lenroot said at Baraboo.

Both Governor Blaine and I are not telling the truth. That is impossible, for our statements are directly opposite to each other. After all, this is not Governor Blaine's fight or my fight, but it is the people's fight, and they have greater rights than either of us.

"The Governor has declined to debate the World Court with me although, I am advised, that he is seriously considering accepting my invitation provided that the time is fixed only a few days before the primary."

"Solely for the purpose of enabling the people of the state to form a more intelligent judgment as to which of us is telling the truth, I now publicly propose to Governor Blaine that we agree to five joint debates to take place before Aug. 13 upon the following subjects: (1) the World Court; (2) agriculture; (3) taxation and tariff; (4) Esch-Cummings law and St. Lawrence waterway; (5) All other questions the governor is discussing in this campaign, including the Newberry case and the Teapot Dome.

"The Governor may name the places where the debates shall take place, and I will gladly cancel any conflicting dates to accommodate his convenience."

## DUFFNER GIVES REPORT OF BARBER CONVENTION

A report on the annual convention of the Wisconsin State Federation of Barbers held July 20 to 24 at Green Bay in conjunction with the convention of the State Federation of Labor, was given at the meeting of local No. 438 Monday evening at Trades and Labor hall by R. J. Duffner, who represented the local union as delegate at the convention.

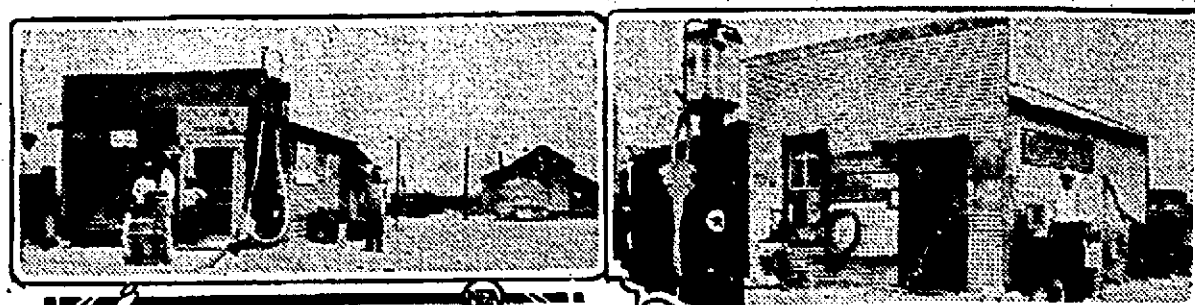

Mr. Duffner was elected president of the State Federation of Barbers. Other officers elected were: First vice president, Chris Henningson of Racine; second vice president, A. G. Kleber of Green Bay; third vice president, George C. Koplitz of Oshkosh and secretary and treasurer, M. H. Whitaker of Milwaukee. It was decided to hold the convention at Wausau next year.

## APPLETON MAN FILES BANKRUPT PETITION

A petition of voluntary bankruptcy was filed Tuesday with C. E. Behnke referee in bankruptcy, by Horace W. Gillett, 905 N. Leminwah-st., a clerk at the J. C. Penney Cvo. store. Gillett listed his liabilities at \$7,033 and his assets at \$4,929.13, all of which he claims is exempt.

The first meeting of creditors will be held at 2 o'clock Wednesday afternoon, Aug. 25, at Mr. Behnke's office in the Lutheran aid building.

## TEXAS LAND BOOM DIES SUDDENLY

ABOVE THE TOWN OF FINLAY. BELOW, THE DESERT SPACE THAT IS BEING SOLD TO "SUCKERS" THROUGHOUT THE NATION

El Paso, Tex.—A desolate stretch of cactus and sagebrush in the exact center of a treeless, waterless desert was being put on the market here as the future site of a great city. The real estate sharps promoting

person can buy a lot in this future metropolis.

The scheme blossomed beautifully until the El Paso Post, a Scripps-Howard newspaper, investigated it. The Post found that Finlay consists of a flag station on the railroad, a general store, a soft drink shack and a filling station. That's all there is and there is no prospect that there ever will be anything more. The land that is being marketed was bought by the promoters for \$3 an acre.

The promoters are getting 60,000 letters a month, from "sucker" investors all over the country. But, since the Post exposed the project, postal inspectors have been looking into it. And unless all signs fall the great Finlay "boom" is due for a swift collapse.

## FURNITURE MEN WILL MEET IN MANITOWOC

The next meeting of the Fox River Valley Furniture Dealers' association, of which the Wichmann and Brettschneider furniture companies of Appleton are members, will be held in Manitowoc on Monday, Sept. 13. Both local companies were represented at the meeting at Valley Inn, Neenah, Monday night. An address on "Interior Decorating" was presented by Mr. McDonald of the S. Karpen company of Chicago. The greater part of the session was given over to a discussion of present business conditions.

WISCONSIN WEATHER  
Generally fair tonight and Wednesday; cooler tonight.

WEATHER CONDITIONS  
A trough of low pressure extends this morning from the upper lake region to Texas, attended by showers from the Rockies to Michigan and by high temperatures over the southern plains. Higher pressure with fair weather overlies the Atlantic coast section. A high pressure area is developing strength over the northwest, with low temperatures for the season, and is advancing southeastward. This will cause continued low temperatures in this section tonight and Wednesday with the skies clearing slowly tonight and Wednesday.

## HAVE YOU ANY WORK FOR COLLEGE WOMEN?

Appleton residents who have part-time work for deserving young women who wish to enter Lawrence college in September, but whose ability to enter depends upon their securing an opportunity to earn their way in part, are asked to communicate at once with Dr. R. C. Mullenix, director of admissions. Dr. Mullenix states he has a number of such young women, some of whom have made exceptionally fine high school records, and are at the same time highly recommended in other particulars. Included in the group are several who are proficient in household work and are anxious to get positions in Appleton households.

Dr. Mullenix may be reached by telephone, number 1056 or 242.

## LIBRARY STAFF OFFERS READING LIST TO PATRONS

"The Honorable Peter Sterling," by Paul Leicester Ford, Suggested

"The Honorable Peter Sterling," by Paul Leicester Ford, is one of a list of books prepared by the staff of Appleton library as suitable for summer reading. It is a story of New York municipal politics with an accompanying love story. This book with the others on the list may be drawn from the library on the special summer privilege plan which allows patrons to draw ten books on one card and keep them until Oct. 1.

"The Gentleman from Indiana," by Booth Tarkington, is the story of a young newspaper man who tried to purify local politics. The story is well told and a love story is interwoven with the plot.

Others on the list are: "Sherlock Holmes, Adventures, Memoirs, and Tales," by A. Conan Doyle.

"The Hoosier School-master," and "The Hoosier School-boy," by Edward Eggleston. The rough homely pioneer life in Indiana in the fifties.

"Janice Meredith," by Paul Leicester Ford. A romance of the Revolutionary war which is historically above reproach.

"Friendship Village," by Zona Gale. A picture of village life in the mid-west that has been compared with Cranford.

"Cranford," by Mrs. Gaskell. Humorous pictures of the bygone social life of poor but genteel spinsters and widows in an English country town.

"A Circuit Rider's Wife," Corra Harris. The work of an American Methodist minister on circuit duty. A very human story of his various experiences as seen thru the eyes of his wife.

"Luck of Roaring Camp," Bret Harte. Tales of the California mining camps in the days following the gold rush of 1849.

"The Rise of Silas Lapham," by William Dean Howells. The best known novel by this author.

"The Sea Wolf," by Jack London. Jack London at his best.

"John Halifax, Gentleman," by Dinah Maria Mulock. A quiet story of an Englishman's daily life, commonplace in event but made fine by character.

"Red Rock," by Thomas Nelson Page. A novel of the Civil War and Reconstruction days.

"Mrs. Wiggs of the Cabbage Patch," by Alice Hegan Rice. A half-comic, half-pathetic story, with a strong dash of not unwholesome sentiment.

"Monsieur Beaucaire," by Booth Tarkington. A little drama of intrigue laid in both during the Beau Nash regime.

"David Harum," by E. N. Westcott. Romance of American country-life with one extremely well-drawn character for whom the book is named.

## 30 TO TESTIFY AT BAR EXAM INQUIRY

Madison—(AP)—Thirty witnesses have been called by District Attorney Phillip L. A. Follette to testify at the investigation into charges of cheating at the recent state bar examination. Hearing of witnesses will begin Wednesday before E. J. Reynolds named referee by the supreme court.

## ORDER DISMISSAL OF FRAUD CHARGE

### Supreme Court Reverses Spencer Decision in Case of Henry Wolk

A judgment ordering dismissal of the complaint of William Plantikow, charging Henry Wolk with fraud, was entered Monday morning in municipal court. The judgment orders that Wolk recover costs of the action from Plantikow.

The case is particularly interesting in that it is the second, out of more than fifty appeals of those tried in municipal court under the late Judge A. M. Spencer, wherein the decision was reversed by the Wisconsin Supreme court. A jury found Wolk guilty of fraud in municipal court April 11, 1925. Plantikow sold Wolk a team of horses and accepted two notes, drawn by a third person, in payment. Plantikow alleged that Wolk knew the notes to be worthless, and that he offered them in payment despite this knowledge. Wolk denied the charges, but was found guilty of fraud in the jury decision. The appeal to supreme court followed, and brought a reversal of the decision of municipal court here. Wolk was completely exonerated of all charges of fraud in the decision of the supreme court. He was represented by E. C. Smith, as his attorney.

## BACHMAN REPORTS ON STATE LABOR MEETING

NEENAH COMPANY  
GIVEN CONTRACT  
FOR NEW LIGHTS

Valley Construction Company  
Submits Low Bid; Only  
One Other Bid Received

Menasha—Valley Construction company of Neenah was awarded the contract for installing the new ornamental system of street lights at the meeting of the common council Monday evening. The company's bid was \$2,400. The only other bid, \$3,305, was submitted by Walter E. Held. C. R. Meyer and Sons Construction company was awarded the contract for installing the bed of the new 600 horsepower Diesel engine at the city hall. It was the only bid submitted. The street committee and city attorney, to whom was referred the adoption of the new plan of Frank Schmick, recommended that it be adopted until the streets are graded as required by law and until the owners file a certificate to the effect they are the owners of the title. The proposed continuation of Ninth-st. from Appleton-rd to Racine-st. was referred to the city attorney and street committee.

Mayor N. G. Remmel said he had received a communication for the Wisconsin rate commission announcing that the Wisconsin Traction, Light, Heat and Power company had made application to operate additional busses between Appleton and Neenah and that a hearing would be held in Neenah, Aug. 16, or thereabouts. Mayor Remmel recommended a large attendance.

A resolution introduced by Alderman James Baldwin relating to securing of testimony of some of the older residents, among them P. J. Ladd, C. W. Lloyd and Thad Sherrin, to be used in securing federal aid in building the new Tayco-st bridge, was adopted and placed on file.

City Attorney Henry Fitzgibbon filed his opinion in the matter of the objection to its annual taxes filed by the First National bank. The board of education and members of the council met jointly preceding the meeting to consider two sites for the new Second ward school building which the city is planning to erect in the near future. They decided to visit the sites at 1 o'clock Tuesday afternoon and report at an adjourned meeting Wednesday evening, Aug. 11.

TWO ARE FINED FOR  
DISORDERLY CONDUCT

Menasha—While on his way home early Sunday morning, Arthur Voisem wandered to the Hubber home on Second-st, where he damaged a screen door and broke the glass in the main door, according to a police report. He appeared before Justice F. J. Budney Monday on the charge of drunk and disorderly conduct and was fined \$5 and costs. He also was required to make good the damage to the two doors. George Smolinski was arraigned before Justice F. J. Budney Monday on a disorderly charge. He paid a fine of \$1 and costs.

SCOUTS PASS TESTS  
AT COURT OF HONOR

Menasha—A special court of honor, composed of W. C. Friedland, chairman, Dr. J. M. Donovan and E. H. Schultz, was held at Menasha Woodmen Ware company cafeteria Monday night. Scouts who passed tests were: Clarence Resch, troop 9, first-class test; Joseph Liebl, troop 7, second-class signaling; Gregory Stommel, troop 7, second-class signaling; Edward Walbrun, troop 9, merit badge test in public health, personal health, cooking, path finding, auto-mobiling; Lyle Eckrich, troop 9, merit badge test in personal health, cooking, carpentry, craft work in wood; Fred Holzknecht, troop 9, merit badge test in path finding, handicraft, electricity, cooking. After the examination the scouts sliced up several watermelons for members of the court of honor and their guests.

RAIN POSTPONES ALL  
SOFTBALL ENGAGEMENTS

Menasha—The Park Stars of the Playground ball league and St. Mary team, and the American legion and Rinky Dinks were obliged to postpone their games at the city park Monday evening because of rain. The games scheduled for Tuesday evening are: Golden Rule vs. Prunes; St. Mary vs. Rinky Dinks. The Central Paper company team of Menasha Industrial Baseball league is scheduled to play Menasha Woodmen Ware company Tuesday evening at Recreation park.

COMMISSION DECIDES  
TO BUILD BATHHOUSE

Menasha—At a meeting Monday evening at the municipal offices, the park commission decided to proceed with plans for construction of a new bath house at the city park. Because of high bids, the commission, instead of awarding the general contract to one bidder, will divide the work among several contracts. Work will commence within the next few days and the building completed this fall if possible.

VALLEY RIFLE TEAMS  
PLAN SUNDAY MATCH

Neenah—Rifle teams of the Fox River Valley military companies will shoot next Sunday on Co. I range south of Neenah in the annual match. Two teams will be selected from the Neenah-Menasha military organizations to compete with Co. D of Appleton, Co. H of Oshkosh and Service company of Oshkosh. No team from the local cavalry company will compete this year as a team, but the men will shoot for individual places. An added feature will be a match between the Marinette company rifle team and the cavalry lineup. This is the result of a challenge issued by the Marinette company to shoot against any six men in the state. The local cavalry company accepted the challenge.

Sour Stomach

"Phillips Milk of Magnesia"  
Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

### JUICE OF LEMON WHITENS SKIN

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier. Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

# OUTAGAMIE-CO FARMS INCREASING IN NUMBER

## TOTAL VALUE OF BUILDINGS AND LAND DECREASING

Agriculture Census for 1925 Indicates Lowering of Almost \$3,000,000 in Value

A constant gradual increase in the total number of farms in Outagamie-co during the last 15 years is indicated in the 1925 census of agriculture for 1925. Comparative figures show that the number of farms in the county in 1925 was 3,823, against 3,746 farms in 1920, and 3,650 in 1910. The total acreage during the past five year period, has decreased, however, indicating that the average acreage per farm has grown steadily smaller. In 1925 the average Outagamie-co farm consisted of 90.4 acres. The total area of all farmlands in the county in 1925 was 346,069 acres, against 347,824 acres in 1920, and 336,007 acres in 1910.

In 1925 the total value of lands and buildings of all Outagamie-co farms, according to the United States census, was \$27,135,000, against a total value of lands and buildings in 1920, of \$29,940,147, and a total of \$25,089,304. Total value of all farms and property, including machinery and livestock, in 1925, was \$45,445,284.

Most startling of all, the census shows that the value of all crops, on the basis of production reported in 1924, shows a decrease of more than 100 per cent when compared with the value of the same crops reported in 1919. The value of all crops in 1924 was \$3,463,521, compared with a total value of \$7,908,128 in 1919.

The total value of all livestock in Outagamie-co in 1925, according to the United States census, was \$4,535,814. This figure includes the following: horses, \$1,001,725; mules, \$7,940; cattle, \$3,104,103; sheep, \$20,264; goats, \$129; swine, \$254,203; chickens, \$222,612; and all other livestock, \$17,834.

Dairy products of the country in 1924, were estimated at a total value of \$3,106,082. The total number of cows milked in 1924 was 42,174, including 41,912 dairy cows and 262 beef cows. These produced a total of 23,111,352 gallons of milk. The total milk production in 1919 in the county was 20,410,686 gallons. The average production per cow in 1924 was 543 gallons of milk.

In 1924, a total of 14,957 pounds of wool was produced in Outagamie-co, which had a total value of \$5,743. A total of 1,160,661 dozens of eggs, valued at \$338,592 were produced in 1924. In 1919 a total of 973,064 dozens of eggs were produced.

The total farm population of Outagamie-co in 1925 consists of the following: Under 10 years of age, 4,906; ten years of age and over, 14,071; male, 7,513; female, 6,552. The population includes 463 colored persons, of whom 160 are under 10 years of age. The colored farm population consists of 152 males and 151 females.

## CONDITIONS TO RAISE HOGS ARE GOOD NOW

"Raising as many good thrifty pigs as a litter as possible is always a big factor in economical pork production and it will be even more important this fall, in view of the present favorable conditions in the hog business," says R. A. Smith, of the swine division of the Illinois College of Agriculture.

## OLD STYLE CENTRAL HOG HOUSE PASSING

The old style central hog house is passing out of existence on western farms. The two sow type of hog house is taking the place of the larger house formerly used. It has been found that the two sow house is practical because it is cooler in summer, warmer in winter and more economical than the central house.

## DON'T MISTAKE LEAF HOPPERS FOR BLIGHT

Leaf hoppers and hot weather caused what is often mistaken for blight on early potatoes during the last week of July. This damage appears as a drying and curling of the leaves and as a stunted growth, according to Robert Amundson, county agricultural agent.

"Some growers are spraying with Bordeaux mixture and black leaf," declared Mr. Amundson. "The formula recommended by the Wisconsin College of Agriculture consists of 10 pounds of lime and 8 pounds of copper sulphate in 100 gallons of water, or of some commercially prepared Bordeaux mixed with black leaf 40, according to directions of the containers. Spraying with black leaf 40 alone is also effective against leaf on cabbage, rutabagas, rosebushes, etc. Some farmers are spraying the cabbage when the lice are bad."

## BROWN SWISS COW IS HIGH

Produces 60.9 Pounds Butterfat to Lead Black Creek Association

"Bonnie of the Pines," a registered Brown Swiss, owned by Emil Mueller, was high individual producer in the Black Creek C. T. A. for July with a record of 60.9 pounds butterfat, 1,451 pounds milk and a test of 4.2 per cent, according to the monthly report of Stuart Lambie, official tester. She was the only cow in the association in the 60 pound class. Thirty-six of the 554 cows tested produced more than 40 pounds of fat.

The Emil Mueller herd of 21 grade and registered Brown Swiss cows also led the association in average production with a mark of 35.2 pounds fat, 934 pounds milk and a test of 3.76 per cent. Seven herds in the association exceeded the 30 pound average in butterfat production.

Owners and records of the other six herds which topped the 30 pound mark for average production are:

Owner	Average	Butterfat	Per Cent of Fat
Emil Mueller	334	3.76	35.2
Wilmer Mory	303	4.23	34.0
Frank Tubbs	1173	2.83	33.2

Charles Hennings	961	4.6	44.1
Wehrman & Krull	1184	3.7	43.8
Claude Armitage	1206	3.6	43.4

## COUNTY GRAIN CROPS IN FAIR CONDITION

Grain crops throughout the county are generally fair although they are not up to the standard of a year ago. The extreme hot weather, together with rust on late oats and wheat, will prevent a bumper crop, although fair yields are anticipated in all sections of the county, according to Robert Amundson, county agricultural agent.

## PIGS, POLITICS MAKE FAIR

MAYOR W. S. SULLIVAN OF KAUKAUNA, WIS., MISS HELEN SHERIFF AND ALBERT MICHAEL INSPECT NEW PORKERS AT THE TOWN FAIR.

Kaukauna—Pigs, politics and pleasure. The first pig going back to the farm. But another field day was held the following month and every month thereafter.

No pig goes back to the farm now. Kaukauna has advertised its event with the result that buyers travel to the little community from the corn belt of Iowa, Illinois and Indiana to attend all pig fairs. The demand always exceeds the supply, although a single fair averages about 4,000 little pigs for disposal.

The raising of registered pigs is booming and the fairs continue to specialize in animals six weeks old. The last fair saw an average price for these animals of \$7, the highest paid in 10 years.

Extending from Namonde to Niskio, two Japanese towns fifty miles apart, there is a wonderful avenue of trees. They are perfectly straight, 150 to 150 feet high and 12 to 15 feet in circumference.

It is estimated that there are more than 40,000,000 births every year. If the children should be carried past a given point, the last one in line would be seven years of age before he passed the counters.

## DOROW HERD IS HIGH PRODUCER IN ASSOCIATION

Completes Month With Average Production Record of 37 Pounds Fat

The Herbert Dorow herd topped the Neenah C. T. A. in average butterfat production in July with a record 37 pounds fat from 865 pounds milk for a test of 4.29 per cent.

The high individual producer, owned by the Northern State hospital, produced 68.9 pounds fat and 1,761 pounds milk for a test of 3.8 per cent.

Owners and records of other herds averaging more than 30 pounds of butterfat for the month follow:

## WOMEN'S CLUBS PLAN COUNTY GARDEN TOUR

Various women's clubs of Outagamie-co will hold an inspection tour of outstanding gardens of the county Thursday afternoon, Aug. 12. The clubs will gather for a picnic lunch at the home of Mrs. John Schoettler, in the town of Greenville. They will then visit at the farm of E. O. Mueller, three miles east of Appleton, on the Spencer road; at the Merkle farm about two miles east of Appleton, on highway 15; and at the Henry Schaefer farm in the town of Buchanan, one mile east of Appleton. From there the group will drive to the home of Antone Miller on highway 15, in the town of Vandenberg.

Mrs. John Schoettler, route 1, Appleton, is chairman of the county division of the Appleton Women's club, and will be in charge of the gathering. The clubs extend an invitation to any one who cares to make the tour. The trip was planned by Robert Amundson, county agricultural agent.

## DISCOVER PECULIAR PARASITE IN CHICKENS

New Brunswick, N. J.—A peculiar parasite has been discovered by F. R. Beaudette, poultry pathologist in a number of chickens sent for diagnosis to New Jersey agricultural experiment station. So far as known, the parasite has not previously been reported in this country.

The parasite undoubtedly causes much destruction. Its location in the tissues renders treatment almost impossible. Prevention lies in rearing young stock on new ground entirely separate from adult birds.

## HOLSTEIN GROUP TO HOLD PICNIC

Breeders Will Enjoy Annual Get-together on Friday, August 20

The annual picnic of the Outagamie-co Holstein Breeders association will be held Friday, Aug. 20, at the farm of George Schaefer, seven miles west of Appleton, in the town of Greenville.

Two meetings have been held by the committees which are preparing a program with contests, music speaking, ball games, mock judging demonstrations, and other attractions. One of the stunts will be a contest in bridling a horse. Riding bucking bulls, feeding calves, and other contests will be provided. L. L. Oldham, secretary of the State Holstein Breeders association, will be the principal speaker.

The committees are: Program—Edward Mueller, route 2, Appleton; Malachi Ryan, route 7, Appleton; R. J. Schaefer, route 1, Appleton; Robert Amundson, county agent.

Lunch and refreshments—George Schaefer, route 2, Appleton; Fred Melchert, Seymour; George Palmbach, route 2, Appleton; William Winkler, Medina.

Games and amusements—Alvin Tiedt, route 2, Black Creek; G. I. Sasmann, Black Creek; Walter Wieckert, route 4, Appleton; Charles Carpenter, Hortonville.

## ZIEGLER TREASURER OF LIVESTOCK ASSOCIATION

Fred Ziegler of Appleton, was elected treasurer of the Outagamie-co Livestock association at the meeting of delegates of the county associations to the central organization Saturday afternoon. The meeting was in the nature of a preliminary discussion, and little actual business was transacted. Delegates from four associations were present. It is expected that more important business will be transacted at the next meeting, which will be held during the evening of Aug. 21.

## OFFER \$110,000 TO EXHIBITORS

Prizes for Exhibitions of Farm Products at State Fair Are Large

West Allis—(AP)—Exhibitors of Wisconsin farm products at the state fair will vie with each other this year for shares in premium money aggregating approximately \$110,000. The dates of the fair are Aug. 30 to Sept. 4.

The largest sum is offered in the cattle department, because, fair officials said, Wisconsin is unrivaled as a dairy state. The remainder of the money will be divided among exhibitors of horses, vegetables, sheep, swine, poultry, grains and other farm products.

There will be \$15,120 in premiums divided in the horse department this year, which is again in charge of R. S. Harrison, Madison.

A feature of the horse department this year will be the horse pulling contest with \$500 in prizes. The contestants will be divided into two classes, one for the teams weighing less than 3,000 pounds, the other for teams weighing more than 3,000 pounds.

Special attention is being given this year to saddle horses with \$7,500 being offered, while in the hunters and jumpers class \$910 will be awarded.

The sheep department has a total of \$6,395 to distribute to exhibitors, while the swine department will have \$10,500. The former is in charge of Ira M. J. Christ, Hudson, veteran sheep grower, the latter, Burle Dobson, Lancaster.

George M. Briggs will be in charge of the farm crops exhibits with \$8,148 to be distributed as follows: For farm crops \$3,649; for country exhibits, \$4,500.

Dairy show awards have been increased from approximately \$500 last year to \$2,000 this year.

## Valley Breeders Send Big Cattle Shipment To Canada

W. F. WINSEY  
The Fox Shavers Guernsey Breeders' association recently made a shipment of cattle from Greenville to Canada that was remarkable in many respects. It was consigned to a lumber company, it included only pure bred animals that have outstanding production records themselves or have inherited them. It will reach its destination as the pioneer Guernsey herd in that section, and it includes representative animals from some of the best dairy herds in the Fox river valley.

A. B. Kassike, president of the Association, says of this shipment: "A. M. Shaver and Jacob, his son, Ancestor, Ontario, Canada, who for many years have been interested in the lumber industry there as loggers and saw mill operators, have abandoned those lines of activity and have decided to establish a Guernsey herd on their cut-over lands. After deciding to make the change, they opened communication by mail with 19 breeders' associations in an effort to locate available purebred animals of a high grade.

"Securing pointers in this way, they set out by auto to investigate at first hand what each association had to offer. On reaching Appleton, they called on Mr. Kassike and Stanley Jamison, secretary of the association, and those officers spent several days with the visitors, inspecting Guernsey

herds in this section. As a result, the Shavers purchased 18 foundation females, 15 purebreds and three grades in the county.

Among the registered females is a daughter of Heiss King of May, an A. R. son of Imp King of May, and two daughters, both by Pencoyd 3rd, a son of Clover of Pencoyd 3rd with an A. R. record of 832 pounds of butterfat, three great grand daughters and one grand daughter of Pencoyd's Golden May Secret, No. 39,626, the bull which was sold for \$10,000. There also are two daughters of Pencoyd's Man O' War, who is a son of Nellie Jay of Pencoyd with an A. R. record \$10 pounds of butter fat in class F. Her dam was Nellie Jay 4th, a triple class leader in classes G. D. and A. her highest record being 1,018 pounds of butter fat in class A.

As a herd sire, the Shavers purchased a son of Meadow Brook's Danny Duff No. 70,829, ten of whose get are on the 1926 show circuit. His first A. R. Daughter recently completed an A. R. record of 621 pounds of butter fat.

The Shaver Guernsey herd will be the first one of its kind to be started in the part of Ontario to which it was shipped as the Shavers are planning to build up a herd that will be a credit to the breed, they have been careful in their selections and have started with a good foundation.

## Conquering Limitations

JOHN MERCEREAU'S stage coach lumbered its creaking way from New York to Philadelphia in a day and a half, in 1771, and was considered so fast that it was called "The Flying Machine." When steam came into use, there were the "Comet," the "Thunderbolt" and similar names, suggesting the attainment of the age-old need—speedy messengers.

Man's effort to overcome the limitations of time and distance finally put electricity to work, and it became his swiftest message bearer.

Half a century ago Bell invented the telephone. It is more than a messenger, for it has been developed to carry man's spoken words for great distances with the swiftness of light. Through its wizardry space is conquered with the speed of thought itself.

In the opening round draw, Harold Eads and Dr. H. V. Landis will be the lucky players, drawing the two byes. Eads will play the winner of the Jensen-Hames match in a second round struggle, while Landis will meet the winner of the Catlin-Hantschel battle. The winner of the Kotal-Campbell duel will clash with the Lacks-Rogers winner and the Trentlage-Gottlieb winner will meet the Carter-Zumeyer winner. In the third round the four remaining men will meet in order of their wins, the upper two clashing and the lower two. Semi-final winners will then clash for the crown.

### BIG WIN STREAKS

### GIVE YANKS HOLD

Hugginsmen Pile Up 3 Streaks of 8, 16, 11 Wins Before Being Halted

### BY BILLY EVANS

Three sustained winning streaks explain why the Yankees are out in front in the American League.

The first streak consisted of eight straight wins, the second comprised just twice as many, while the third totaled eleven.

Thus in three winning sprees the Yankees have knocked off 35 ball games, about the margin the team now enjoys in the race for the pennant.

In each instance it took mighty good pitching to stop the wrecking crew presided over by Miller Huggins.

It was "Lefty" Grove of the Athletics who turned the trick on the first two occasions, while the veteran Urban Faber of the Chicago White Sox put an end to the third winning streak.

Faber's win was a pitcher's battle in which one veteran splitter triumphed over another, Urban Shocker of the Yankees. Each twirler allowed only three hits but the Sox bunched their three for two runs, just enough to win.

Faber and Shocker are two of the very few spitball pitchers still doing business in the big show.

It is the anniversary of outdoor boxing in Wisconsin and will match Pinky Mitchell, Milwaukee, junior welterweight titlist of the world and Tommy White, champion of Mexico, who recently beat him, in a one-ten-rounder. In another Harry Kahn, Milwaukee, state champion lightweight will meet Harry "Kid" Brown sensation of Philadelphia, in ten rounds. Quong Bill and Kelly will weigh in at 112 pounds.

### LITTLE CHANGE IN MAJOR RACES

Yanks Running Far Ahead of Field While Pirates Stage Rally for Big Gain

The last five weeks of struggle in the major baseball leagues have failed to change the standing to any great extent and another seven weeks will see the end of the season.

The New York Yankees are running far ahead of the field while the Pirates appear to have rounded into the stretch with a terrific rush, three games ahead of the St. Louis Cardinals and four ahead of Cincinnati. Beaten eight straight times, the Brooklyn Dodgers are being trampled in the wild dash for the wire, the Giants having galloped over them to lock with the Chicago Cubs in fourth place.

Pittsburgh dropped Brooklyn Monday, 9-8, Ray Kremer's steady pitching being ably supported by his mates at the plate.

Cincinnati could gain no better than an even break from Philadelphia, losing the first, 7 to 4, and winning the second, 10 to 5.

Kent Greenfield allowed the Cubs only five hits and won for the Giants 4 to 3. Travis Jackson Giant shortstop, turned in a homerun, two doubles and a single Freddie Lindstrom of the Giants also had a homer.

Larry Benton pitched the Boston Braves third consecutive shutout, setting down St. Louis, 5 to 0. He granted only five safeties, two of them doubles.

The Yankees resumed a winning stride along with Babe Ruth's 36th home run of the year and defeated Detroit 3-8. Tris Speaker did his best to keep his Cleveland Indians in the race by driving out a circuit blow with two on in the fourth, Cleveland winning from Washington eventually, 7 to 5.

Al Simmons also recorded a round trip smash which gave Philadelphia a 2 to 1 victory over Chicago.

Sixteen hits by the Boston Red Sox gave Bryan Harris a 7 to 3 decision over the Browns. Emory Rigdon, Boston shortstop, tripled for the winning runs in the eighth.

### BANKERS, P-C CREW MAY PLAY OFF GAME

If the rain which drowned out the regularly scheduled tilt between the Interlakes and Legion squads of the city Twilight softball loop Monday afternoon, halts in time and has not completely wrecked the diamonds in all parts of the city, the Post-Crescent Bankers will play off one of two postponed tilts Tuesday afternoon. The game will be a battle for third place and the first division and a place near the heels of the two leading crews. At present the Bankers are in third, a half game ahead of the Starnard crew.

### LA BERGE TAKES CADDIES PRIZE

Youth Leads Field of 16 in Close Contest for Post-Crescent Iron Club

Roger La Berge, Appleton youth, is the proud possessor of a new iron golf club as the result of his prowess at the ancient Scotch game, but he sure had his hands full earning the coveted prize as three other boys tied him for the honors, only to lose in the nine-hole playoff. The prize, any iron club chosen from those at the Butte des Morts clubhouse, was donated by the Appleton Post-Crescent to the lad who won this week's caddies golf tournament at the Butte des Morts club. Each week caddies of the club meet in a tourney on Monday afternoon. The Post-Crescent gave the prize to encourage the lads to keep on with the game and develop as players.

Sixteen caddies took part in the meet which was 18 holes of medal play with handicaps applying. La Berge, Orville Ness, John Stark and Arthur Lemke turned in net scores of 75 to tie for the prize. Ness and Stark each had a handicap of 22 and each shot a 97 for the 18 holes. Lemke with a handicap of 25 shot an even 100 and LaBerge with a handicap of 30 shot a 105.

Then the four boys went out together over the nine holes and three of them tied for low gross score with a 54, the fourth, Lemke getting a 58 for a 33 net score. Because he had a handicap of 30 while his rivals, Ness and Stark had 22's, LaBerge won the prize with a net score of 24. Ness and Stark got 32's.

Other entrants in the meet were Marvin and Thomas Schmidt, Howard Stark, O. Strutz, Melvin Bartz, Thomas Stulp, Elmer Grezes, Jerry Killoren, H. Brill, C. Triebner, Joe Donnelly and Ronald Vogt.

### FORMER APPLETON BOY STARS AS PRO GOLFER

With only six years of golf behind him, Carl Kamps, former Appleton youth, and son of Mr. and Mrs. Theodore Kamps, 42 Sherman-pl, is making a name for himself as one of the best professional linksmen in California. The local youth went to California for his health six years ago, living in Los Angeles. Here he started playing golf for the first time and he developed so rapidly that he turned professional this year. He has been appointed league pro at Griffith park, one of the best courses in Los Angeles and the state and he recently started his work there. Kamps also is a member of the famous mythical "hole-in-one," the fondest dream of every golfer whether pro or amateur and one attained by few.

### JACK DEMPSEY CARRIES CASE TO HIGHER COURT

New York —(AP)— Jack Dempsey, king of the heavyweights carried his case to the supreme court of boxing again Tuesday and a pugilistic boil, irritated for four years, came to a head.

The records of the case, one of the longest in ring history, show that on three different occasions the champion agreed to meet his Negro challenger, Harry Wills. But the argument against him as he applied Tuesday for a license to carry on his trade in New York state appeared to be that he had failed to accept the Wills challenges.

Dempsey now contends that failure of those who obtained the contract from Fitzsimmons to go through with terms has left him free to meet Gene Tunney under Rickard's auspices at the Yankee stadium Sept. 15.

### Opponent Of Harry Kahn Wants Crack At Tendler

The recent return to the ring of Lew Tendler, Philadelphia's south-paw welterweight has again revived the hope of realizing a much cherished ambition in the heart of Harry "Kid" Brown who boxes Harry Kahn at Milwaukee Baseball park, Thursday night, August 12th. It has always been Brown's contention that he can beat Tendler in the ring, but he has always been denied the opportunity to do so. When Tendler retired from the game about a year or so ago Harry gave up hopes of getting into the same ring with his Philadelphia rival, but now that Lew is going good again Harry has started on his trail.

The rivalry between Tendler and Brown started some years ago when both were lightweight members of the same stable under the direction of Phil Glassman. Tendler was always pushed by Glassman as the star of the stable, while Brown was forced to play second fiddle and accept only such matches as Glassman didn't want for the portside. This condition of affairs was not to Harry's liking and there are many Philadelphiaans who stand behind him in his claim that he and Tendler, would have been the logical opponent for a crack at Benny Leonard's title at that time if Glassman had not held him in check in order that he wouldn't injure Tendler's chances of getting a crack at the crown.

Glassman was interested in the promotion of most of the shows staged in Philly at the time, and always featured Tendler in the star bout on his programs, while Brown had to be content with the semi-final position. While backing up some of these programs Harry was called upon to meet such men as Joe Benjamin, Johnny Dundee, and others of that class, and although he gained newspaper decisions over all of his opponents, Glassman still refused to send him in.

During his entire career of several years during which time he has engaged in more than two hundred battles, Brown has never been knocked down nor never knocked out.

Brown and Kahn will appear in one to the feature position on the programs. In this manner Harry was kept pretty much in the back ground. Not being able to stand this treatment any longer, Brown purchased his contract from Glassman for \$2,000 and joined forces with Harry Segal, who now handles the bantamweight champion, Charley "Phil" Rosenberg. Brown never more than a junior light weight, remained in that class and won a newspaper decision over the holder of the junior title at the time, Jack Bernstein. He also turned in many other notable victories during some of the leading lightweights during two years spent under Segal's management, and then tried of making his headquarters in New York, Brown returned to Philadelphia and placed himself under the management of Max Hoff. He is now more anxious than ever to lock fists with Tendler in order to prove to Glassman that he was always a better lightweight than Tendler, a boast he made at the time he parted company with "Phil". If matched with Lefty Lew at the present time, Brown would have to give away at least twelve pounds in weight.

"The sweetest satisfaction I ever received," said Harry, "was when I went to Pittsburgh and stood off Jack Zivic in ten rounds. Zivic had just knocked out Lew Tendler, 'Nate' Goldman and Joe Tiplitz, three Philadelphia welterweights, mind you, while I entered the ring against him weighing but 132 pounds. He couldn't knock me off my feet. That is the best proof that I am a better man than Tendler, and I'll prove it more decisively if I can get him into the ring."

During his entire career of several years during which time he has engaged in more than two hundred battles, Brown has never been knocked down nor never knocked out.

### 3 GOLFERS LEFT IN TROPHY FIGHT

Lindberg and Neller Clash in Semi-finals, Winner to Meet Joe Plank

Three players still are left in the fight for the Krugmeier trophy, one of the beautiful cups offered to members of the Butte des Morts Country club. On Monday, linksmen still in the field for the prize were Eric Lindberg, John Neller and Joseph Plank. An effort will be made to complete play for the cup this week.

Lindberg is scheduled to meet Neller in match play, 18 holes, full handicap applying, the winner to meet Plank, in the finals for the cup. Plank drew a bye in the semi-finals. Lindberg has a handicap of 19 and Neller a 21, while Plank has a 24 handicap. The tourney started with a qualifying round of medal play after which the low 16 competed in match play with handicaps applying.

To gain the semi-final round Lindberg conquered Arthur Homes, Neller beat Peter Jung, and Plank trounced Dr. W. E. O'Keefe.

JOHN DUNCAN DUNN—PRACTICE BUNKER SHOTS

Golf architects nowadays realize that they must be considerate of the average golfer, for the great majority of golfers will never be anything else but average. They will not practice enough to become anything else, and I am slowly coming to the opinion that no human agency will ever get the average golfer to practice as much as he should, which of course, at the last analysis, is what makes him an average golfer.

He could be better than that, but he won't be, so why spoil his fun by fixing his golf course in such a difficult way that the average golfer has no chance? Greater leniency in the matter of putting in too difficult hazards is only common sense, for the more difficult golf is, beyond the certain point of making it a rood sport, the fewer people will play it enthusiastically and the more enthusiasts there are the better all around for golf.

But the bunkers are there and the secret of playing out of them can be covered in the advice to always be sure to get out.

## 16 QUALIFY FOR PRESIDENT'S CUP

Pelkey Shoots Low Gross, a 79; Steinberg and Beals Have Low Net of 70

With Heber Pelkey, D. P. Steinberg and E. D. Beals in the stellar roles, 16 golfers of Butte des Morts country club qualified for further play for the President's cup in the qualifying round held Saturday at the links. A field of more than 30 linksmen entered the qualifying test, which was 18 holes of medal play with handicaps applying.

Pelkey had low gross score for the 18 holes, turning in a 79, while Steinberg and Beals had low net scores when they turned in 70's. Steinberg had a gross score of 82 with a 12 handicap and Beals had an 84 with a 14 handicap. Other qualifiers in the trophy chase were H. L. Davis, Eric Lindberg, Walter Flanagan, Arthur Homes, Walter Joyce, E. C. Hilbert, W. D. Barnard, S. H. Chinedinst, Dr. W. E. O'Keefe, Peter Goerl, Neil Spoor, Robert Zaumeyer and Glen Carroll.

The tourney will continue at match play, 18 holes, full handicap applying. Pairings for the first round matches follow:

D. P. Steinberg vs H. L. Davis; Eric Lindberg vs Walter Flanagan; Heber Pelkey vs Arthur Homes; Walter Joyce vs E. C. Hilbert; E. D. Beals vs W. D. Barnard; S. H. Chinedinst vs Dr. W. E. O'Keefe; Peter Goerl vs Neil Spoor; Robert Zaumeyer vs Glen Carroll.

## PLYE DIDN'T ASK RYAN TO TURN PRO, HE SAYS

Paris — (AP) — Charles Pyle, the American sport promoter, who has contracted with Suzanne Lenglen for a tour of America as a professional tennis player, said Tuesday that there was no basis for a report that he had offered Miss Elizabeth Ryan a contract to turn professional.

Mr. Pyle is leaving Cherbourg for the United States Tuesday on the steamer Leviathan.

## Fat Ring Purses Alluring Fidel Still Out Of College

BY DAN THOMAS  
NEA Service Writer

Los Angeles—Would it be good business judgment to spurn an income of \$100,000 for the coming year in order to hasten through college?

Fidel La Barba thinks it would not. Since winning the flyweight championship of the world from Frankie Genaro in 1925, La Barba has stuck to his decision to quit the ring and enter Stanford this fall.

But, almost on the eve of the day set for his entrance examinations, the little champion has changed his mind. He will wait another year. A shower of flattering offers received from eastern promoters by his manager, George Blake, since his decisive victory over George Rivers at the Olympic Auditorium here recently are the cause of this change.

La Barba was defending his title for the first time and he proved himself a real fighting champion. Rivers, the outstanding title contender of the Pacific coast, was far outclassed. Not for a single moment was Fidel's crown in danger.

The champ was in perfect condition, and strong as a young bull, proving that that his natural fighting weight is 112 pounds and not the 116 or 117 he has been scaling for his other battles. In contrast to these previous fights in which he appeared a bit sluggish and always defensive, La Barba was a human cyclone, aggressive throughout. He carried the fight to Rivers right from the start, never giving the Mexican a chance to get set for his knockout blow.

If he continues this same style or fighting Fidel will be a great attraction and should easily clear \$100,000, and perhaps more, during the next twelve months.

"I probably will leave for the east very soon," Blake said as he showed me a sheaf of telegrams from promoters who are seeking La Barba's services. "I am going to talk to promoters in Chicago, Cleveland, New York and Boston. As soon as something definite is arranged, I will have Fidel join me."

"I can't say yet who, when or where he will fight but if it is a championship affair it probably will be either here or Chicago. If the fight were held here it would have to be with an eastern boxer as there are no logical contenders on the coast. Of course, after Fidel's twenty-first birthday, September 29, I may sign for a match in New York. Their law prohibits him from going more than six rounds now."

Although he will not commit himself, I believe Fidel has a special reason for desiring another year of pugilism's financial remuneration. She is Dorothy Wilcox, pretty daughter of Webb Wilcox, manager of Wheeler's Hot Springs.

La Barba did all his training for the Rivers battle at Wheeler's. During the

weeks of hard work, he spent much of his time in Dorothy's company. Practically every day the couple could be found on the tennis court—tennis being on La Barba's training schedule. When the day's grind was over they would read together. Books are one of Fidel's hobbies—he would rather read than anything else.

## ADD ONE MORE

WALTER SPENCE

Walter Spence, famous Brooklyn water wizard, has been splashing his way to new outdoor records ever since the start of the outdoor season. His latest feat was the setting of a world mark in the 440-yard breast stroke event in A.A.U. championships at Philadelphia. Spence made the distance in 6 minutes, 16 4/5 seconds, beating no less a competitor than Bob Skelton by three feet.

## BADGER JUNIOR CHAMP IS WESTERN FAVORITE

Chicago — (AP) — Small boys with large ambitions assembled from a dozen Mississippi valley states to chase their first big rainbow, the Western Junior Golf championship, over the course of the Edgewater Golf club. Chick Evans home club. More than 230 youngsters, many of them caddies or co-caddies, were entered for the qualifying round from which are to come 32 leaders for the championship flight match play.

Hutchinson, Kans., which has sheltered the title emblem since last years competition, is doomed to lose the cup, for the brilliant Emerson Carey whose clubs bent down the field a year ago, has since passed the age limit of 19 years and is ineligible for the competition.

Among the favorites are Arthur Fisher of Fort Thomas, Ky.; Harry Benson, Indianapolis; Edward Cornish, Little Rock, Ark.; W. S. Germon, Madison, Wis.; John A. Russell, Milwaukee; Lawrence Moller, Quincy, Ill.; and Carlson McLaughlin, Sioux City, Iowa. The championship flight will go two rounds on both Wednesday and Thursday, playing the final at 36 holes Friday.

## K-C SOFTBALL SQUAD BEAT KAUKAUNA CREW

Kimberly—The Kimberly Club-house Specials walked away with Mulford's Specials in a soft ball game Friday evening at Kaukauna by a 22-10 score. Kaukauna started out good, getting four runs to Kimberly's two in the first inning but in the second inning Kimberly put the game on ice getting nine runs while holding the Kaukauna team to one. Kimberly scored a run in the fourth inning, five in the fifth, four in the sixth and one in the seventh while Kaukauna scored two in the third inning and one in the fifth, sixth, and seventh innings.

The pitching of Dohr, Kimberly moundman, was a feature of the game and Pahlman, first baseman, also played good ball letting nothing get by. Every man on the Kimberly team got at least one hit and run. The Kaukauna hurler, Youngberg, pitched a fair game but was given poor support as numerous errors

## APPLETON EAGLE NINE SPLITS WITH NEENAH

Displaying the best brand of baseball it has shown all season, the Appleton Eagle ball club spit with the strong Neenah crew Sunday afternoon in a doubleheader in the valley. Eagle lodge looper Neenah took the first tilt, 5-2, and then the local men came back to win the second, 8-3, playing real ball all the way. Next Sunday, the loop-leading Menasha crew will invade Interlake park here, and encouraged by the showing made against Neenah's crew, fully as strong as the Falls, the Appleton boys hope to make it two straight.

made by both outfielders and infielders. Mulford's Specials will play a return game sometime during the week at Kimberly.

## MEANWELL AND ROCKNE COACH AT NOTRE DAME

Madison—Dr. Walter E. Meanwell, University of Wisconsin's basketball coach, and Knute Rockne, a football mentor at Notre Dame, headlines of Notre Dame's summer coaches' school staff, opened their two weeks courses at South Bend Sunday. A record enrollment is expected by the college authorities, due to the great popularity and splendid record of these two men.

Rockne and the Badger coach have been associated for several seasons in summer sessions throughout the United States, and have created a great following. The former has divulged many intricacies of the Rockne system which has brought no little fame to recent Notre Dame eleven, while Meanwell exploded the principles of his wonderful short-pass cage game.

## GENE TUNNEY READY FOR DEMPSEY BATTLE

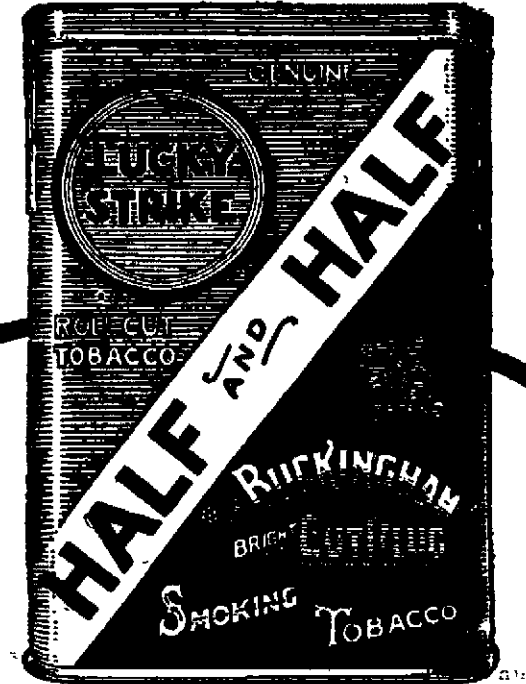

Albany, N. Y. — (AP) — Nothing to fear, was the succinct comment of Gene Tunney on his prospects in his scheduled heavy championship fight with Jack Dempsey. Tunney was on his way from his training camp at Lake Pleasant to New York to appear before the state athletic commission to ask for a license for the bout. He tips the scales now at 192, and declared he is in the "pink of condition."

"I feel that I have reached the height of my career," he declared. "I will prove to the world that I am the logical contender for the heavy-weight diadem."

**40 ACRES—** Four miles from Appleton. Fair buildings. 30 cows, two horses, some hogs. Price \$5,500. \$2,000 down, balance \$100 each six months at 5% interest. This place is located just one mile from the street car line. You can go to work in Neenah, Kaukauna or Appleton part time if you wish.

**40 ACRES—** Near Freedom Village. With fair house and barn. No personal property. Price \$3,000. \$800 down, balance on mortgage. Or will trade equity for house or lot in Appleton or some other good town.

**35 ACRES—** One and one-half miles from city of Appleton. New modern home, modern barn. Two concrete silos, fine hen house, milk house. Large machine shed, drilled well, good fences. Good soil, all underlaid with tile. 17 head purebred Holstein cattle. Two (2) heavy horses; three brood sows. Machinery of all kinds, including tractor and silo filler, feed grinder and all as good as new. One of the silos full of last year's corn. Enough ensilage left in the other silo for this summer's feeding. Fine growing crop of grain. Plenty of hay and just as good corn as can be found anywhere this year. This is a wonderful farm for the money. The house could not be replaced for \$5,500. The barn and other buildings could not be duplicated for less than \$5,000. The personal property will inventory at auction prices, not less than \$4,000. Figure this up and you will find that the land costs you almost nothing. There are 4 miles of tile in this land and we recommend it as one of the best buys in the state of Wisconsin. And we can show you that this farm has produced as much as any 80 acre farm. If you want a farm—get busy. The price is \$15,000. \$4 cash. No trades.

# COUNTY'S SUIT WITH VILLAGE TO START SOON

Seek to Recover Money Alleged to Be Due from Hortonville

Trial of the suit brought by Outagamie county against the village of Hortonville to recover the amount alleged to be due the county for construction of a bridge in the village several years ago, will be held in circuit court here Aug. 25. Judge Edgar V. Werner set that Tuesday morning at the request of District Attorney John A. Lonsdorf.

The claim is one of several years standing. The old bridge in the village on highway 26, was condemned by the Wisconsin Highway commission, which ordered that a new span be erected. As no state aid money was available at the time, the county alleges, the Outagamie county Highway committee met with the village board and agreed verbally that the village was to pay 40 per cent, and the county 60 per cent of the cost.

Denial of the alleged agreement is made by the village which contends that it was understood that state aid was to be paid later, and that the village was to pay only 40 per cent of the county's portion.

After the bridge was built the village paid the county less than the amount agreed upon, the county alleges. Approximately \$800 was paid, when the amount should have been about \$1,400. The village order was rescinded by the county highway committee, and the entire amount due, together with interest, is demanded by the county.

# LOCAL BOYS CAN LEARN TO PLAY HARMONICA

Neenah—Every boy in Neenah between the age of 8 and 15 years is going to have a chance to learn to play the harmonica, through the courtesy of Saxe Neenah theatre. Neenah has secured Willis Pearson, Neenah as instructor. Mr. Pearson has just completed a successful engagement at Fischer's Appleton theatre with the Carr orchestra and has returned to his home here.

# ALL NEENAH KIWANIS WILL ATTEND PICNIC

Neenah—All members of the Kiwanis club of Neenah will go to Oshkosh to attend the first annual picnic of Kiwanis clubs. The outing is in charge of the Oshkosh club, which has arranged a program of athletic contests; a baseball game and short talks by well known Kiwanians. Supper will be served at Menominee park at 6 o'clock. This will take the place of the regular weekly luncheon of the Neenah Kiwanis club.

# JOLLY JUNIOR CLUB IS ORGANIZED HERE

Neenah—Misses Bernice and Mildred Martin, Ruth Nelson, Marie Phillips, Evelyn Inde, Stella and Leona Neuman, Olive Henning, Julia Salm and Leona Lindsey, routes 9 and 10, Neenah, have formed the Jolly Junior club. The purpose of the club is to teach how to can fruits, meats and vegetables. The club is under the direction of Wilbur Sparks of Neenah. Arrangements are under way for a series of demonstrations of the art of canning to be given by these young ladies throughout the county.

# TWIN CITY DEATHS

**CARL A. FRISSELL**  
Neenah—Carl A. Frissell, 32, a resident of Neenah for the last five years died at 8 o'clock Monday evening at the home of his daughter, Mrs. G. W. Warner, High st. Death was caused by pneumonia. Mr. Frissell had been a resident of Chicago for many years before coming to Neenah to reside. Mrs. Warner is his only survivor. The funeral will be held from the Warner home.

# WILLIAM REHMER

Neenah—William Rehmer, 72, former Neenah resident, died Saturday afternoon at his home in Greve, Mont., according to announcement received by relatives. He was born in Germany and came to Neenah in 1891, residing here until 1911 when he went west to reside. He is survived by three daughters, Mrs. Charles Buxton of Neenah, Mrs. William Karrow of Menasha and Mrs. Roy Wallace, Greve, Mont., and three sons, Otto of Detroit, August of Appleton, and Lawrence of Montana. Three also are one brother, Fred Lenke of Neenah, and one sister, Mrs. Henry Gaeke of Split Rock. The body arrived in Neenah Monday afternoon and was taken to the home of the brother on Third ave., where funeral services were held Tuesday afternoon. The services were conducted by the Rev. I. E. Kollath of Immanuel's Lutheran church. Burial was made at Oak Hill cemetery.

# LOUIS HANKE

Neenah—Louis Hanke, 51, a resident of Neenah nearly all his life, died shortly before 8 o'clock Tuesday morning after an illness of about three weeks. Surviving are the widow; four brothers, Henry of Rhineland, Fred and Charles of Neenah, Edward of Oshkosh; and one sister, Mrs. Lena Richardson of Los Angeles, Calif. Mr. Hanke was a member of the Modern Woman lodge of this city.

Miss Margaret Schneider returned Monday from a brief stay after a two weeks' visit with relatives.

# Reach Deadlock In Religious Row

ing the laws They have never been willing to obey any authority except that of Rome. The Catholic clergy has never been a factor in the development or uplifting of the nation. There also has been a tendency to keep political power in their hands. The Catholic clergy cannot longer prevent the great movement for the reform of social and economic conditions in Mexico. This is the origin of the difficulties we have had in Mexico with the Roman Catholic clergy.

# PROTESTANTS OBEY LAW

The "Good Willers," informed the President the statement says, that they had heard the Protestants had rejected the religious law as vigorously as the Catholics. "That is not so," the President is quoted as replying. "The Protestant leaders have all submitted themselves to the law. We have no difficulties whatever with them. They are all at peace and putting their time to religious work." The Mission obtained directly from President Calles his ideas on the present religious situation.

In a statement given out by the mission interviewing leaders of both sides the President is quoted as saying the Mexican government, "respects all religions equally and gives to all the same protection and liberty."

The President reiterated that the Catholic church throughout history had disobeyed the laws and brought about wars, disturbances and bloodshed in Mexico and declared that the religious laws of Mexico would never be repealed; even if the Catholic church now turned toward the government, but that in that event it would be necessary to enforce penalties. The Mission says its members have seen, no riots, or any signs of riots in Mexico. "We have searched for such vainly," it adds, "but on discover no disturbances beyond a few of a minor type. We are assured by representatives of both groups, even those opposed to the Calles government, that the latter is strong in full command of the situation."

# GIRL CAMPERS TAKE TRIP UP OTTER CREEK

Girls of tents No. 1 and 4 at Camp Onaway, Onaway island, Waupaca took a trip up Otter Creek Saturday afternoon. This trip is noted for its scenery. At the end of the trip several girls prepared supper, and an open fire, and a camp fire was enjoyed after the meal.

There are 76 girls in camp for the second week which ends Saturday. Girls from Appleton, New London, Oshkosh, Fond du Lac, Plymouth, Menasha, Green Bay, Madison and Menominee, Mich., are attending.

Miss Agnes Vanneman, physical director of the Appleton Women's club is in charge, with a group of 12 counselors.

Volleyball is one of the popular pastimes. Girls at camp from New London have formed a team and challenge any other team to play for the camp championship.

## SELLING ATTACK UPSETS MARKET

Stocks Are Unsteady on Wall Street Due to Irregular Buying

New York (AP)—The stock market was unsettled Tuesday by two powerful selling attacks, one at the beginning and the other at the end of the session. General Motors showed an extreme decline of 16 points, Dupont 15 1/2 and scores of others broke four to 10 points, the closing quotations generally being around the lowest of the day.

United States Steel common opened 2 1/2 points lower despite the fact that the July unfilled tonnage statement to be issued at noon Tuesday is expected to show the first increase in orders this year. Initial gains of a point or so were recorded by Union Bag and Paper, White Motors and Union Pacific.

The market was unsettled soon after the opening by the execution of a high volume of selling orders in General Motors, which opened with a block of 18,000 shares at the "split opening" price of 219 to 211 1/2 against the record high price of 225 1/4 established Monday, but it rallied over 7 points from the low before the end of the first half hour.

United States Steel common was carried down 3 points before it met sufficient buying support to stem the first wave of selling. With brokers' loans reported by the New York federal reserve bank having increased about \$55,000,000 in the week ended July 23 and a steady increase noted in the demand for funds in connection with the movement of crops, a stiffening in money rates is looked for in some quarters, and the early selling attack Tuesday may have been in anticipation of that eventuality. High priced industrials were the hardest hit, such popular issues as Dupont, Case Threshing Machine, United States Cast Iron Pipe and Air Reduction yielding 2 or more points.

The most abrupt check which the market has received since it started on its upward flight occurred Tuesday morning when a number of high priced shares slumped in a violent fashion. Dupont plunged down 15 1/2 points to 2 1/2 and General Motors 14 to 208 United States Cast Iron Pipe lost 8, air reduction 7 1/2 and Case Threshing machine 6 1/2. The general rate on call loans was unchanged at 4 1/2.

The closing was weak Total sales approximated 2,200,000 shares.
